Heirloom Ensembles Handsomely Reproduced...

EARLY AMERICANA . . . HERE INTERPRETED FOR YOU IN EXQUISITE WOVEN BEDSPREADS AND COVERLETS

REVERSIBLE

Double wear, double beauty...that's what you get with the purchase of any Woven Spread or Coverlet. Every one is completely reversible . . . just like the handmade heirlooms they resemble. Each one is woven in such a way that the reverse side presents a new different looking design. It is almost like having two Spreads for the price of one.

BATES "VALLEY FORGE" SPREADS $27.50 QUALITY 25.00

(A) Inspired by a priceless, hand-crocheted museum piece, "Valley Forge" recreates the exquisite charm and simplicity of Colonial America. Its delicate heirloom design and timeless quality of grace and dignity lend distinction to your bedroom. Made exclusively for Wards by Bates, it is the finest woven spread of this type you can buy. Same quality sells nationally for $27.50; Wards is able to offer it to you at a savings of $2.50. You will treasure this quality spread through the years for its distinctive early American design, the lasting beauty of its fabric. It is woven of the choicest combed Cotton; raised loop design on textured background gives a rich needle-tufted effect, a soft, deep richness of quality. A luxurious, double-knotted fringe edges spread on 3 sides. (Sizes incl. fringe.) Spread is Reversible. Plain companion unlined drapes have rod pocket tops, tiebacks. Spreads are Gift Boxed. Drapes are boxed. Washfast.

WITH THESE DRIP-DRY NYLONS

"Most Likely to Succeed" . . . Cast your ballot for the Homemaker's choice—100% Dupont Nylon. Minimum effort for maximum effect. Have an ever-refreshing aspect that only easy-clean, no-iron Nylon can lend.

A SILVERY TOUCH . . . TASTEFULLY YOURS

Spread 12.95 Drapes 10.95 Cafes 4.95

D Spring inspires a mood. Here—a delicate leaf pattern is carried out against a silvery background. Reminiscent of the haunting beauty of a garden at dusk. Always looking fresh and lovely—just suds it in the morning and it looks like new in a few hours, ready to dress up your bedroom again by afternoon. The matching Priscilla Drapes have convenient tiebacks to provide a light hearted change from the more dramatic straight hanging effect. With handy, rod pocket tops too. Cafe Curtains—to match of course—are artfully scalloped at top with seven self loops. Billowy pillow shams cover your pillows so prettily, have a 5-in. ruffle that fluffs out daintily. All wonderfully washable. Swatches shown are ⅛ actual size.

Spread 10.79 Drapes 9.79 Cafes 4.49

E Rhapsody in Spring-Time. And it might as well be Spring all year 'round when you introduce this sprightly ensemble to your bedroom. Tiny buds on sculptured Nylon to bloom ever-brightly. Take to water like their garden-variety models. No fuss, no bother—and best of all—no ironing. Lightweight for easy handling, yet maintains all the long-wearing qualities you associate with Nylon. Spread and Vanity Skirt have 12-inch fully gathered ruffles. Priscilla Drapes present such a colorful vista at your window. Complete with tiebacks for a change of pace from the straight hanging down effect. Rod pocket tops, too. Cafe Curtains winsomely scalloped at top, have bone rings. Nylon pillow shams complete the ensemble. Washable. White background. Swatches shown are ⅓ actual size.

FACTS ABOUT DIAMONDS

WHEN YOU BUY A DIAMOND, you buy the most precious . . . the most lasting of all gem stones. Yet the price you pay for a single carat size may vary by hundreds of dollars. That is because of the differences in each individual stone . . . differences often so slight that only a trained expert can detect them, determine the value of a diamond. Since there is no accepted standard of diamond classification, each dealer has his own system. Thus, it is important to buy from a reputable dealer who has established a high standard of quality. Color, degree of perfection, cutting and proportion are the most important factors in determining a diamond's quality. The following guide should help you make your selection.

1. COLOR. Blue-White is most desirable and most valuable. Its bluish color comes from a reflection of light—the stone itself does not have blue tones. All Wards diamonds are Blue-White.

2. DEGREE OF PERFECTION. There are no perfect diamonds. Even the finest stones may have slight flaws that only an expert can detect. Reliable jewelers consider a diamond perfect if no imperfections are visible when it is magnified 10 times. Wards Best Quality diamonds meet or exceed these standards. Since degree of perfection helps determine a diamond's quality, Better are slightly less perfect than Best, and Good Quality are slightly less perfect than Better.

3. MOUNTINGS. Best Quality mountings are original designs by master craftsmen, have greater excellence of handwork and a greater amount of finishing. Adapted designs and economies of manufacture account for lower prices of Better and Good Qualities.

4. CUTTING. There are three popular types of cutting: round, emerald (rectangular), and marquise (pointed oval). Round-cut diamonds are most brilliant. They may be FULL-CUT, 58 facets; SINGLE-CUT, 18 facets; or ROSE-CUT, only tops faceted. Rose-cut diamonds are not used by Wards. All center diamonds 4/100 ct. or larger are full-cut.

5. PROPORTION. A diamond cut too shallow or too deep loses brilliance and is less valuable than a properly proportioned stone. Wards diamonds are scientifically proportioned to develop maximum fire and brilliance.

6. SETTING. 3 popular settings for center stones are 1) Prong-set—stone held by individual prongs clamped over edge. Affords maximum brilliance, color; 2) Bead-set—stones held about flush with top of ring by metal beads in corners; 3) Bezel-set—rim of metal over edge of stone. Affords greatest security, but stone appears smaller. All Wards center diamonds are prong-set.

WARDS TRIPLE GUARANTEE WITH EVERY DIAMOND 1/16 CARAT OR LARGER

1. WEIGHT AND QUALITY ARE EXACTLY AS REPRESENTED. Carat sizes given apply only to the center stone—are not the total of center stone and side diamonds.

2. SATISFACTION GUARANTEED OR YOUR MONEY BACK. If you are not completely satisfied with your purchase, you may return ring within 30 days and your money will be refunded, including State and Fed. Exc. Tax and postage.

3. TRADE-IN PRIVILEGE. You can return any Ward diamond ring within 1 year of purchase and we will apply original purchase price (not including taxes) on any finer, larger diamond you choose. Offer does not apply to wedding rings.

BETTER QUALITY DIAMOND RINGS WITH 14K YELLOW OR 14K WHITE GOLD MOUNTINGS

Better Quality diamonds are finer, more brilliant blue-white diamonds than Good Quality. Brilliance, color, careful cutting and polishing make these exceptionally fine stones. Mountings are heavier, better styled, better finished than Good Quality. Though quality is much above average, prices are as low as those usually charged for less valuable diamonds. 14K yellow or 14K white gold mountings. Center diamonds are full-cut; side and wedding ring diamonds single-cut. *State:* Catalog Number, finger size, carat size, color gold.

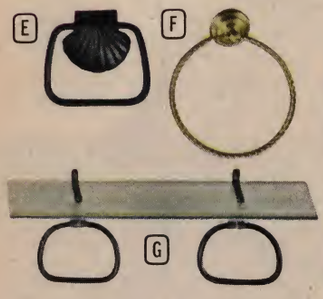
Beautify Your Bathroom with Harmonizing Colors

COLOR-COORDINATED BATH MAT SETS AND BATHROOM ACCESSORIES



NEW ALL NYLON PILE BATH SET 5.79 18x32 in.

(A) So easy to wash—so quick to dry—such luscious bon-bon colors. Soft, furry, luxurious 100% DuPont Nylon pile. Despite the delicate freshness of the beautiful colors, Nylon is slow to show soil because dirt will not cling to its smooth fibers. It's mildew-proof too. Two levels of velvety, clipped pile interspersed with bands of tight, nubby loops form an attractive pattern and lend textural interest.

Densely packed fibers tufted through sturdy duck back, which is rubberized to lock tufts in more securely and prevent skidding. Laundering will not impair skidproof quality. Pile remains soft, fluffy and beautiful after repeated washing. The lovely, fadeproof colors continue to look fresh and clear. Preshrunk (max. shrinkage 1%). Wash separately. *State color:* †Aqua, White, Amethyst, Gray Mist, †Lightning Pink, †Pink Whisper or Sea Green†. Sold only in two-piece set of rug and lid cover.

72 C 272 C—18x32-in. Size approx. *Mail.* Ship. wt. 1 lb. 8 oz....Set $5.79

72 C 273 C—20x34-in. Size approx. *Mail.* Ship. wt. 1 lb. 12 oz...Set 6.69

TWO-TONED-BLOCK BATH SET 3.79 20x34 in.

(B) Down-soft Cotton, so thick it feels almost like fur. Highly absorbent. The striking modern block design is formed by areas of clipped pile combined with low, closely tufted loops in a deeper or contrasting color. Choose from seven newest decorator colors: Amethyst, Gray Mist with Black, Maize (harmonizes with †Yellow), White with Black, Sea Green† French Blue† or Petal Pink†.

The densely packed tufts are tightly stitched through a sturdy duck back. Backing on rug is rubberized for greater safety—prevents skidding or curled corners. Washing will not impair skidproof quality. Pile retains soft, luxurious texture even after repeated laundering. Wash separately. Preshrunk (shrinkage will not exceed 1%). Sizes are approximate. Available only in two-piece set of rug and matching lid cover. *Mailable. State Color.*

DECORATIVE SEA SHELL TOWEL HOLDER 1.50

(E) Install in minutes, without marring wall, with special Saf-T-Mount (incl.). Loop allows room for 8-inch fold. Of durable plastic in 3 pearl-tone colors: Black, Yellow†, Pink†.

86 CP 4387—7x6¼ in. overall. *Postpaid. State color*.....$1.50

SOLID BRASS TOWEL RING—PRACTICAL, ORNAMENTAL 3.98

(F) A decorator touch for your bathroom. Handpolished and lacquered to retain its original brightness. Handsome rope design on 7½-in. diam. brass ring. 3-in. brass fixture can be glued or screwed to wall (glue and screws included). Instructions.

86 C 1049—Ship. wt. 11 oz.....$3.98

HANDY GLASS SHELF WITH TOWEL RINGS 3.79

(G) Provides a sparkling new look and loads of practicality for your bathroom. Shelf of strong, clear glass, 5x24 in. long—gives decorative extra space for toilet articles. Two smooth, black 7-in. Lucite Towel Rings for washcloths or towels.

86 C 4784—Easily installed (screws incl.). Ship. wt. 4 lbs.....$3.79

DIAGONAL PATTERN BATH SET 3.49 18x32 in.

(C) Velvety clipped pile combined with low, closely tufted loops to form an interesting diagonal pattern. Dramatically beautiful, high-fashion colors provide a most effective decorative note for any bathroom. Soft, fluffy yarns of finest quality, long-staple Cotton, tightly stitched through a heavy duck backing, form a dense, downy pile for underfoot luxury and after-bath comfort. Rugs are skidproof—made with rubberized backing for greater safety.

Easy to wash. Repeated washing will not impair the skidproof quality of the rug. Preshrunk (shrinkage will not exceed 1%). Wash separately. Sizes are approximate. *State color:* †Lightning Pink, French Blue†, †Pink Whisper, Sea Green†, Garnet, Yellow† or Forest Green†. Available only in two-piece set of rug and matching lid cover. *Mailable.*

72 C 280 C—18x32 in. Ship. wt. 2 lbs. 2 oz.....Set $3.49

REVERSIBLE BATH SET 2.79 19x32 in.

(D) This beautiful Cotton Bath Mat Set gives twice the wear between washings because mat and lid cover are reversible. Alternating areas of densely packed soft, velvety cut pile and tightly twisted loop pile form the attractive design and lend texture interest. Thick self-colored fringe all around the rug adds to the decorative effect. The lovely colors remain bright and clear through many washings.

Preshrunk (shrinkage will not exceed 1%). Wash separately. Made of fine-quality, long staple cotton yarns. Choose from six glowing colors: Yellow†, Chocolate, White, Dark Green†, Rose or Dubonnet. Available in round or oblong shapes. Sold only in two-piece set of rug and matching lid cover. Sizes are approximate and include fringe. *Mailable. State color wanted.*

WARDS BATH SHOP . . . COLOR COORDINATED TO SIMPLIFY YOUR DECORATING

Wards Bath Shop was planned to help you transform your bath or powder room into one of the loveliest rooms in your home. So that you may repeat your basic color in towels, shower curtains, bath mat sets, etc., with the assurance of true color harmony, Wards have coordinated six basic Bath Shop Colors:

Pink	Yellow	Lightning Pink
Blue	Green	Aqua

A single color—Green for example—may include light, medium and dark shades (as shown in group at left) but all will harmonize if marked with a dagger. You will find many colors in Wards Bath Shop keyed with a dagger†. This means the item will harmonize with all other merchandise of that color also marked with a dagger. For color harmony . . . for easier shopping . . . for quality merchandise, buy all your bathroom accessories in Wards Bath Shop, Pages 468 to 474.

USE YOUR CREDIT

It's so convenient to budget your bathroom accessory purchases by paying only 10% down and the remainder in small, monthly payments. Complete details and terms of Ward Monthly Payment Plan on Inside Back Cover.

Stainless Steel

NEVER NEEDS POLISHING

Silversmiths, applying the techniques used in making sterling flatware, have used stainless steel to craft patterns suitable for every occasion. Combining high styling and beautiful finish with extreme ease of care and comparatively low cost, stainless steel is an increasingly popular choice for flatware. It never needs polishing, can't rust, stain, pit or peel—stays new looking through the years. The 14 patterns offered here give you a wide selection of design, styling, set size and cost. Whether you want a service for your most formal dinner parties or a set to use in the kitchen or on picnics, you'll find several to choose from on these two pages.

FOUR NATIONALLY-KNOWN PATTERNS—Northland, Spring Lily, Sabrina and Poise—are styled by craftsmen of fine sterling, advertised in national magazines. These are patterns of heavyweight stainless steel, nicely balanced for beauty and ease of use. The other ten are Ward patterns in service, medium and heavy weight stainless steel. Three are imported, others American made by well-known companies—exceptional values at low prices.

ALL PATTERNS IN OPEN STOCK—TABLES ON OPPOSITE PAGE. Wards will carry Open Stock on every pattern listed for one year, and guarantee to supply it as long as it is made by the factory. For Open Stock on discontinued patterns, write to your nearest Wards Mail Order House. Sample teaspoons are available to help you select your pattern—order from Open Stock Tables on opposite page.

STORAGE CHESTS AVAILABLE WITH EIGHT 50-PC. SETS. Chest, modern in design, beautifully finished, lined with blue flannel, are sold with Northland, Spring Lily, Sabrina, Poise, Danube, Kägleholm, Laurel Crown and Dunbar patterns. They are tarnishproof, will store your complete set—actually hold 66 pieces including 8 knives. Other Chests sold on Pages 476 and 477.

GUARANTEE OF STAINLESS STEEL FLATWARE. There is no time limit to Wards guarantee of satisfactory service in ordinary family use of any stainless flatware we sell.

Colorful Semi-Porcelain

MODERN PLASTICS . . . BEAUTIFUL PYREX GLASS

All Wards Semi-Porcelain is ovenproof and crazeproof. Underglaze patterns are also impervious to harsh dishwasher detergents. Of all dinnerware, Semi-Porcelain is most widely used because a small investment buys an attractive set suitable for all types of serving. Clays are fired at high temperatures and with application of glaze, Semi-Porcelain becomes hard, non-porous, impervious to moisture. All Wards dinnerware is triple-selected—your assurance of First Quality. Other Semi-Porcelain patterns, Pg. 486, 487. Open Stock for all Patterns, Pg. 481. Set Compositions, Pg. 487. Genuine China

COMPLETELY VITRIFIED, LUSTROUS, BEAUTIFUL

A prized possession in any home, genuine china possesses deep luster, translucency and beauty you find in no other dinnerware. It is completely vitrified, impervious to moisture, withstands greater shocks, has more resistance to breaking and chipping. All Wards china is First Quality; all patterns carried in Open Stock, Pg. 481. China services for 8 and 12 include extra cups—most-often-replaced piece in any set—see Set Compositions, Pg. 487. With 4 set sizes in each of 16 patterns, we believe you will find exactly what you want at Wards—and at a price far below what you would ordinarily expect to pay. The first 14 patterns were made in Japan by expert craftsmen and have the inherent beauty of more expensive china. Rosanne is fine American Haviland; Pompadour, from Bavaria, is renowned Rosenthal china. Buy china on Terms —10% Down — see Inside Back Cover.

TROPICAL . . . SAHARA . . . BEAUTIFUL, OVENPROOF STONEWARE 8.95 16-pc. Set

Fired at high temperatures, glazed for extra hardness and deep lustrous beauty, you'll find these patterns a wise choice because of their lasting beauty and extra durability. Unusual hand enameled decoration is under the glaze—unaffected by years of use, impervious to even harsh dishwasher detergents. Made of ovenproof stoneware—most durable of all ceramic ware. Imported from Japan.

TROPICAL. A stalk of bamboo with cool green leaves spreads gracefully over a brown background, swirl design in ivory. Edged in brown.

English and American Patterns

IN FINE SEMI-PORCELAIN FOR A FORMAL TABLE SETTING

These seventeen formal patterns are services that will add dignity to your table settings on special occasions. All are First Quality semi-porcelain (described on Pg. 482). The first 8 are imported from England—made by potteries who are leaders in ceramic craftsmanship. The 9 others on this page are American-made in some of this country's oldest and finest potteries. Lexington, Cashmere and Margaret Rose are lightweight "Eggshell" ware with Tremolite added to the clay formula for extra strength and beauty. With all 100-pc. sets, Wards include 6 extra cups—the most-often-replaced piece of any set—see Set Compositions below. All patterns carried in Open Stock, Pg. 481. Other semi-porcelain, Pgs. 482, 483. Pay only 10% Down when you buy dinnerware on Terms. See Inside Back Cover for complete information.

Lace... a Tradition for Important Dining

IMPRESSIVE AND DECORATIVE LACE BY NATIONALLY KNOWN QUAKER AND SCRANTON MILLS

When dining is an occasion—Lace, to underline the importance of a beautiful table. Now, from America's foremost mills, a new translation of classic patterns for the smart interiors of modern America. And, notice what Lace offers you: new easy-care (because it launders so beautifully); durability—because it is woven only of fine quality yarns; delicacy—because it looks as light and airy as a cloud. From banquet to buffet, you're always right when you use Lace.

ROUND TABLECLOTHS

Wards offers you a choice of 3 qualities in styles that have been specially designed for round tables. 18C835C (shown above) is Quaker's Gala Quality—a luxurious weave of Spun Rayon and Cotton. 18C-653C is Scranton's Burlington—Cotton lace in a web-like weave of floral leaves. 18C-669C is Scranton's Wimbledon—a modern adaptation of Ancient Italian artistry. To order, see below. Convenient Credit Terms, Inside Back Cover. On orders of $20.00 or more you may pay 10% down and the balance in Monthly Payments.

TO ORDER CORRECT SIZE

For attractive drape be sure to order correct size and shape. Sizes may vary up to 4 in. due to nature of lace. Use square cloth on square, round table; oblong cloth on long table. For extended table, buy cloth 12 in. longer for each leaf used.

Table Size	Luncheon Cloth	Dinner Cloth
30 x 42 to 32 x 46 in.	50 x 70 to 52 x 70 in.	52 x 70 to 58 x 80 in.
34 x 48 to 36 x 54 in.	54 x 72 to 60 x 80 in.	63 x 81 to 64 x 84 in.
38 x 60 to 42 x 62 in.	63 x 81 to 68 x 86 in.	66 x 86 to 72 x 90 in.

SCRANTON'S BURLINGTON... A GARDEN OF FLOWERS

(A) "Burlington"—the luxury of lace in two ply cotton at Wards low prices. Notice its lovely pattern—swirling leaves surrounded by large petal flowers. With a crisply defined Medallion center. You'll appreciate too, the way it looks so "right" with all your furnishings, modern or traditional. Corded picot edges. Washable. Ivory only.

Metallic Gold for Glamorous Drapery Accent

You can see actual fabrics in Wards Catalog Office or Store near you.

GOLDEN PLUME DRAPERIES 9.98 TO 37.98 Unlined 13.98 TO 51.98 Lined

It's new—it's exciting—it's everywhere! GOLD is today's top decorator touch in fine fabrics, smart draperies. It's a new metallic gold—fresh, shining and permanent—won't tarnish, won't fleck or rub off, even in cleaning. We feature it here in Golden Plume print on a luxurious cotton-rayon nub texture. It has lovely soft sheen, is weighty, supple of "hand" for handsome draping and printed in best fade-resistant colors. Draperies are custom-sized, made with buckram-stiffened pinch pleats, 1-in. blind-stitched side hems, 3-in. bottom hems. Available sateen-lined or unlined in twelve sizes, ranging from sill to floor lengths. Widths given are after pleating. Lining protects draperies from sun and soil, makes them last longer. Dry clean. To hang on traverse rods, measure window and allow 6 in. additional for center overlap and rod projection at sides. We show 100-inch width. *Colors:* Green-pink (A) or Brown-turquoise (B), both with Metallic Gold on white. *State:* Catalog Number, Width and Color.

"LOCKED-IN COLOR" FOR LASTING BEAUTY
CHROMSPUN OR CELAPERM BARK TEXTURED DRAPERIES

4.98 TO 21.50 Pair

(A) Imagine the many dramatic effects you can achieve with these handsome, fade-resistant draw draperies. They're strikingly beautiful in interiors where emphasis is on color and texture rather than design; impart harmony to rooms that already have pattern. Bark texture fabric is a rich blend of Chromspun or Celaperm and Rayon. "Locked-in color" assures a greater degree of colorfastness to sun, fumes, washing, crocking or dry cleaning than ever achieved on this type fabric. Dry clean or wash with care to prevent shrinkage. Draperies made with buckram stiffened pinch pleated tops, 1-in. side, 3-in. bottom hems. Pin-on hooks. 100-in. width pictured. Read "How to Measure." Scalloped cornice sold on Page 529. *Colors:* Antique Gold, Hunter Green, Red, Natural, Wine, Gray, Pink Ice or Surf Green. *State Catalog Number, Color.*

OUR FINEST DRAPERIES ARE MILIUM INSULATED
NEW WONDER "LINING" INSULATES AS IT PROTECTS

14.98 TO 48.98 Pair

E Colonnade, fabulous scenic print draperies in Cotton Bark Texture are Milium "lined" for all weather comfort. Thermoseal insulation is applied to back of draperies (see turned back swatch below)—takes place of and is far more effective than separate lining. Milium insulated draperies keep your room cooler in the summer by stopping up to 98% of heat radiation from the sun—proved in actual laboratory tests. In winter room stays warmer (saves on fuel, too!) because the heat loss at your windows with Milium insulated draperies is 51% less than with draperies that are not processed. Milium "lining" also makes draperies opaque for light control, gives fabric a magnificent draping hand, prolongs life of vat dyes. Dry clean.

NEW SEMI-SHEER OF FORTISAN AND SPUN RAYON
CUSTOM WIDTHS, SILL TO FLOOR LENGTHS

5.98 TO 27.98 Pair

(D) Aztec, interesting new modern print draperies of a fabulous wearing Fortisan and Rayon blend. Semi-sheer is delicate and lovely in rich slub weave, has a hidden strength you would never believe possible for so sheer a fabric. Fortisan, the incredibly fine, super-strong fiber adds extraordinary strength, extraordinary resistance to stretching or shrinkage from atmospheric changes or deterioration from sun and radiator heat.

Aztec Pattern shows through for 'beauty on the outside' too, is translucent to light, yet affords daytime privacy. Colors are vat dyed. Dry cleaning recommended.

"HOW TO MEASURE" DRAPERIES

Measure window width and allow 6 inches additional for traverse overlap at center and rod projection at side. If combining pairs (as Add-A-Width) allow slightly more. Widths given for draperies are top widths after pleating. Example: If window measures 44 inches, order 1 pr. of 50-in. width draperies. See our wide selection of Kirsch traverse rods including the Extendo-Traverse that makes windows appear wider by extending draperies beyond window frame, on Page 514.

Fortisan for Beauty

LUXURIOUS NEW SEMI-SHEER DRAPERY FABRIC IN EXQUISITE COLORS 1.29 Yd.

Here's a new elegance in drapery fabrics . . . a new translucent loveliness in the blend of lustrous Spun Rayon and the wonder fiber Fortisan. Glowing colors . . . and what colors they are! . . . in high-fashion pastels. Retain their clear, fresh beauty; they're sunfast and washfast; white stays white; sun won't turn its color. Fabric looks sheer, is lighter in weight than the usual drapery weave, yet wears exceptionally well.

Slub-weave of rich, silky yarns gives surface texture interest, soft-lustered elegance. Truly a textile miracle from the science laboratories with the subtle undersheen, beauty and translucency of the most expensive fabrics. Woven in wider, 50-inch width, means you'll need less yardage.

Fortisan fibers are noted for their exceptional strength; insure long wear, resistance to sagging, stretching and wrinkling. Are unusually resistant to deteriorating effects of sun and heat or destruction from moths and mildew. Because yarns are fine, pliable, fabric has superior draping qualities. Washable, but dry cleaning recommended to prevent shrinkage (less than 3%). Press with iron set for low or "rayon" temperatures.

Beautiful White and Pastel *Colors:* Pink, Turquoise, Sandalwood, Celadon Green, White and Gold. *State color.*

Gold Prints for Slip Cover Glamor

DESIGNED TO CUSTOM-FIT PRACTICALLY ANY STYLE CHAIR OR SOFA

Here they are—the fabulous favorites of today's decorator fashions. Gold Prints in three stunning new patterns now in CHARM-FIT—our own wonderful furniture covers that fit like a charm on practically any sofa or chair. Fabric is textured cotton Bark Cloth; patterns are printed in best sun-resistant colors and high-lighted with "gold"—a new metallic gold that is fresh and shining and permanent, won't tarnish, fleck or rub off. Companion covers (D) shown in the room setting above are same heavy Bark Texture in sun-resistant solid colors without gold.

Covers are tailored in four easy-to-put-on sections. Each piece is completely finished, completely adjustable, and fastened in place with simple screw pins for a wonderful custom-like fit. Separate adjustment not only makes possible expert fitting on practically all furniture, but means ease of handling when washing or dry cleaning. (Dry cleaning is recommended but covers may be washed with care). Flounces are attached. All seams are serged or overcast. Fabric backs permit a wide variety of furniture arrangements. Separate cushion covers have drawstring closing.

TO ORDER ANY CHARM-FIT SLIP COVER ON THESE TWO PAGES

The simplified chart below makes it easy to order CHARM-FIT Covers for practically any style chair. Simply compare the cushion style of your chair with those in the chart. If your chair has a Square cushion, whatever its other style features, you can order Style 41 and be sure it will fit. Similarly Style 42 will fit practically any T-Cushion chair, Style 43 will fit almost any Wing Chair and Style 44 will fit all open arm chairs of the Cogswell type.

Style 41
For Square Cushion Chairs

Will fit any chair with square (straight front) cushion, including Club, Lawson, wide or narrow back Modern, High Back, Button Back or other similar style chairs having separate square cushions.

Style 42
For T-Cushion Chairs

Will fit chairs with T-Cushion in a multitude of style variations such as Club, Lawson, wide or narrow back Modern, London Lounge, High Back, Low Back, Roll, or Scoop Arm. Will not fit Wing Chairs.

Style 43
For Wing Style Chairs

Will fit almost any wing chair with separate (straight front) cushion, similar to that sketched above, whether roll arm, flat arm or flare arm style. Will not fit "fireside" type or wing chairs with T-cushion.

Style 44
For Open Arm Cogswell Chairs

Will fit any Open Arm Cogswell or Platform Rocker either with loose cushion or with attached cushion. This cover also will fit almost any open-arm Tilt-back chair of these same general types.

Con-tact is Self-adhesive

COVERS . . . DECORATES . . . PROTECTS 45c Yd.

Transform furniture, walls, innumerable home and office furnishings with Con-tact. Easy to apply—no messy pastes, no tools, no water, no special skills are needed! Cut size desired, peel off protective backing and place Con-tact against surface . . . it sticks! Read simple instructions printed, with cutting guides, on paper back. Waterproof, durable surface stays attractive, resists fading. Finger-prints, dirt, spilled liquids wipe off quickly with mild soap and a damp cloth.

Con-tact can be lifted to alter position, smooth out wrinkles or eliminate bubbles; adhesion increases as it remains in place a few days. *Just be sure that surface to be covered is clean, dry and smooth.* Avoid use near very hot areas as stoves or on heavy-duty work surfaces.

CON-TACT protects, covers: tables, chests, frames, screens, shelves, cornices, headboards, walls, splashboards, cannisters.

CON-TACT adheres to glass, wood, wallpaper, paint, porcelain.

Decorate With Bark Cloth Slip Covers

SANFORIZED—BEST BARK CLOTH IN COORDINATED PATTERNS

Ⓐ Ⓑ Add color and charm to your upholstered furniture with these new covers—they'll give the whole room a newly decorated look. And they're Sanforized, won't shrink out of shape when dry cleaned or washed—maximum shrinkage is no more than 1%. New "Garden Gates" pattern silhouettes wrought-iron grill-work against a cloudland of color. Highland Plaid picks up the same colors in a new two-tone effect. Both patterns are printed in sun-resistant colors on our "best" Bark Cloth.

Covers are adjusted by cord lacing, concealed under self-fabric back panel; welts provide tuck-in for excess material. Seams are neatly cord welted and cords under the seat hold covers firm and prevent creeping. Chair and Sofa covers have attached skirts box pleated on three sides. Separate cushion covers are reversible, have elastic closures. Sofa-Bed Cover has pleated skirt on three sides, straight drop in back; snap fastener closing.

See How to Order Style Chart on Page 511.

FLORA-VISTA AND STRIPE COMPANION IN BARK CLOTH

Ⓒ Ⓓ Decorator colors in newer, softer tones are the fashion feature of this handsome Slip Cover ensemble. The Flora-Vista pattern above shows clusters of chrysanthemums silhouetted against penline drawings of far east scenes, printed on soft-tone backgrounds. The stripe companion pattern repeats the flower colors and harmonizes with all three background variations —brown, gray and green. Both patterns are printed on popular medium weight cotton Bark Cloth—today's first choice in decorative fabrics. Colors are fade-resistant.

Covers are easy to adjust; cord lacing at back holds them firm and is concealed by a self-fabric panel. Other cords fasten under seat to anchor cover and guard against twisting. Welts allow tuck-in of excess fabric. Cord welting strengthens important seams. Attached skirt is neatly box pleated on three sides. Reversible cushion covers have snug elastic closure. Covers may be dry cleaned or washed with care.

COTTON AND NYLON KNIT COVERS STRETCH-TO-FIT STANDARD FURNITURE STYLES

Ⓔ These covers will make worn furniture look like new in a matter of minutes! They slip on easily over old upholstery and are practically self-adjusting—knit fabric literally stretches-to-fit furniture curves and contours without wrinkling or bulging. Covers cling almost like permanent upholstery. Interesting brush-stroke design is knit right into the fabric in two-tone effect. Deep-tone colors are practical—slow to show soil. Extra heavy cotton yarns are combined with Nylon for added strength and longer wear. Special Drax finish adds soil-and-moisture resistance.

Important seams are cord welted to resist strain and add a neat finish. Sta-fast cords anchor covers under seat and prevent creeping or twisting. Separate skirt is ruffled all around and may be easily adjusted to height and girth of furniture. Skirt may be omitted if a more strictly tailored effect is desired. Individual cushion covers are reversible and have elastic closures; ample overlap. Covers may be dry cleaned when soiled or washed if desired—just follow directions we furnish. No ironing required but for best results covers should be fitted on furniture while still slightly damp.

See How to Order Style Chart on Page 511 before ordering. Check styles and sizes in which covers are available and compare with furniture you wish to cover.

Colors: Gold (shown on sofa), Green (shown on chair), Cherry Red or Gray (see close-up at left).

Give Furniture a Luxury-look at Small Cost

MIX-OR-MATCH ENSEMBLE OF HEAVY BARK CLOTH WITH LASTEX BACK

F G Dramatic scenic print and jewel-tone solid colors are combined in the handsome coordinated covers above. Both are textured cotton Bark Cloth, a heavy, firm quality that holds its shape well and gives excellent service. Colors are fade-resistant.

Special action backs are made with two-way stretch lastex, dyed to harmonize. They help mold covers to furniture contours and assure smooth wrinkle-free fit. Welts allow excess fabric to be tucked out of sight and arm separation permits adjustment of back and arms. Seams are welted and attached flounces are ruffled on all four sides. Stafast cords anchor covers under seat to prevent twisting or creeping. Reversible cushion covers have elastic closures. Matching sofa-bed cover has all-fabric back—no lastex. Covers may be dry cleaned or washed with care. Lastex back in chair and sofa covers compensate for shrinkage—follow washing directions. See "How to Order" Page 511.

GAY HARLEQUIN-AND-SPATTER PRINT IN NEW TWILL COVERS

H Young moderns will love the gaiety and freshness of these new pastel-toned slip covers. Sprightly Harlequin pattern stands out against soft-toned backgrounds, star-stippled with color. Fresh as spring-time, completely different from usual slip covers and perfect with your modern decorating schemes. Choose yours in soft dove-Gray, Spring Green or Nutmeg each with pink, turquoise and black accents. Colors are fade resistant.

These covers are made expressly for Wards by one of America's foremost makers. Fabric is sturdy Cotton Twill in a popular slip-cover weight. Expert designing and careful making assure good fit on all standard style sofas and chairs. Covers have welts for tuck-in of excess fabric and are held in place by cords under the seat. Cord lacing across the back is concealed by a self-fabric panel. Seams are neatly cord welted in contrasting color to add a tailored finish and provide extra strength. Attached skirts are box pleated on three sides and set on with welting. Separate cushion covers are reversible to double their serviceability and have easy elastic closures. Covers may be dry cleaned or washed with care.

Remember these or any other slip covers Wards sell can be bought on convenient monthly terms, no need to wait—begin to enjoy yours now. Turn to Inside Back Cover for complete information on Terms.

LEAF FANTASY AND SHANTUNG-PRINT . . . COMPANION SLIP COVERS IN COTTON DRILL

J K Brilliant color characterizes the boldly drawn leaf pattern, shown on sofa below, etching it strikingly against the texture-print of the charcoal background. Companion pattern shown on Cogswell chair below is our popular Shantung-print, available in three monochrome colors—gray, light wine and light green—all of which harmonize with the leaf pattern. See a close-up of the interesting texture-effect below right—see how closely it resembles woven shantung. Both patterns are printed in washfast colors on medium weight cotton drill, a serviceable economy fabric, well liked for slipcovers.

Covers are easily adjusted to furniture and held in place by screw pins; instructions included. Welts allow for tuck-in of excess material; a self-fabric back adds a neat finish. Cord adjustments under the seat prevent creeping or twisting. Important seams are cord welted for added strength. Box pleated flounces are attached on all four sides; reversible cushion covers have easy elastic closures. Covers may be washed with care but dry cleaning is recommended for best results. See How to Order Style Chart on Page 511.

To make sure covers will fit your furniture correctly, check styles and sizes before writing your order.

How to Order Slip Covers

SHOWN ON OPPOSITE PAGE, ALSO PAGES 506–509

Study sketches below and compare with style and measurements of your furniture. Note especially:
CUSHIONS—are they square as in most furniture? or are they T-shape as in styles 4 and 9?
BACKS—are they rounded? square as in a Lawson? or thick as in many modern pieces?
ARMS—are they narrow? thick? bulky? or do they extend beyond back as in 26 and 11?

MEASURE AT WIDEST POINT ACROSS BACK

CHECK SIZES. Measure sofa or chair at widest point across back (not including arms or wings if they extend beyond back as in style 26 or 11). Measure height of chairs 1 and 3 from floor to top of back.

When you have compared style, checked measurements and made sure style you require is available in the cover you have selected, you are ready to write your order. Be sure to state: (1) Catalog number. (2) Style number. (3) Color desired for each cover.

IMPORTANT. Illustrated instructions included with covers show you how to put them on and how to adjust them to furniture for proper fit.

Kirsch... Finest in Traverse and Curtain Rods

A TO G NATIONALLY KNOWN KIRSCH ADJUSTABLE TRAVERSE RODS are first choice for beautiful window treatments, wall to wall draperies or room divider drapery installations. Pull to open, pull to close, you never have to touch draperies. Rods are galvanized, bonderized steel with baked-on chip-resistant White enamel finish. All operating parts—pulleys, slides and strong braided and glazed cords are enclosed in a streamlined flat rod. Bracket projections adjust from 2½ to 3½ in. (see special adjustments on (D), (F) and (G). Brackets, screws and installation instructions included with all traverse rods; extra center supports with larger sizes. Order drapery hooks below.

TRAVERSE RODS 1.39 TO 7.98

A BEST QUALITY—KIRSCH'S "SUPERFINE"—A HEAVY DUTY ADJUSTABLE TRAVERSE ROD that can be installed either on wall or ceiling (end brackets are not used for ceiling installations). In 4 sizes 2½ to 16 feet wide. Specially constructed of extra heavy gauge steel—strong enough to support heaviest lined draperies over wide expanses. Finest quality working parts insure longest life, smoothest performance. Two oversize nylon pulleys provide super-smooth traction for easiest opening, closing; self-lubricating for quiet operation. Carriers are nylon too—glide along effortlessly. Zinc-weighted soft pliable non-marring plastic tassels.

INTERIOR SHUTTERS WITH STATIONARY SLATS 4.29 25x22 in. long.

(In room above). A favorite window fashion of a half-century ago enhances today's smartest interiors. New do-it-yourself version of decorator shutters ready to finish and install, with handsome brass plated hinges, screws and pulls all included. You buy them by the set of panels and "do" the rest yourself to save dollars on every window. Expertly made of seasoned rosy-grained California Redwood with louvers carved to simulate slats; not movable. Strong mortise and tenon construction; smoothly sanded. Functional as well as decorative, shutters give rooms a spacious look, insulate against the heat of sun or cold of winter; when folded back (as at window top above), they admit light and air.

Shutters may be hung to cover half a window length with café curtain tops, or double-hung, using 2 sets of shutters. Transform open book-shelves, small high windows into a unified wall of unusual beauty by painting them same color as your wall. Disguise unwanted windows and doors, or create an illusion of them on unneeded wall space. Cleverly conceal record players, other special hobby equipment built into wall of living room, bedroom, basement. Give kitchens a new look with shutters covering dish-storage space. Their uses are unlimited!

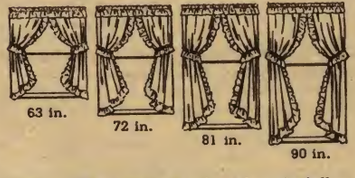
HOW TO MEASURE FOR PRISCILLAS



LENGTH: Sketches show where lengths fall on average windows. However, windows vary, so measure from rod to point where curtains will fall—to sill, apron or floor. Allow for shrinkage of Rayon, some Cotton curtains.

FOR WIDTH: For Priscilla style, as (D), allow 1½ to 2 times width of window. For Semi-Criss-Cross allow 2 to 3 times window width; hang on rod (J) Page 514. For Full Criss-Cross, allow 3 to 4 times window width, use double rod (H), Page 514. Allow the same proportions for group of windows.

BETTER ORGANDY . . . 8-IN. RUFFLES

Pair 4.59 86x72 in.

Exquisitely made Priscillas of sheer, clear Organdy. Combed, mercerized cotton yarns have permanent finish to keep curtains crisp through many washings without starch. Deluxe tailoring details include frothy white, wide 8-in. French-headed ruffles with dainty picoted edges: 1¾-yards fullness to each finished yard. Tiebacks have bone rings. Side hems, selvages removed. White.

TO LAUNDER PRISCILLAS: Wash curtains frequently to keep them lovelier. Hand wash for best results: make thick suds with lukewarm water and gentle soap flakes. Add water softener if desired. Squeeze suds through fabric gently, without rubbing, twisting or wringing. Rinse 3 or 4 times, squeeze water out; do not twist with hands. Do not iron Fiberglas; just hang on rod to dry wrinkle-free. Press others while damp with iron set at "low" heat for synthetic fibers, "hot" for Organdy.

SHIR-BACKS . . . JUST PULL THE TAPE FOR PERFECTLY DRAPED PRISCILLAS

(B) Glamorous curtains require no skill to drape into the loveliest soft, even folds. Just pull tape; folds form automatically; stay in place. Extra-wide French-headed ruffles, 1¾ full; rod pockets, side hems. "How to Measure", opp. page. Hang on double rod; (H) Pg. 514.

Shir-back's special sewn-in tape-pocket forms curtain folds.

Picture-window Shorties

NEW—CONTOUR-CUT FOR SHORT, WIDE WINDOWS

Ⓒ Bewitching Priscillas at your windows hang in beautiful designer-fashion because they're contour-cut for full draping without bunching. (Sketch shows how taper-cut equalizes draped length.)

Beautifully made in choice of two wonder fabrics. Sheer Fiberglas with the soft radiance that never dims, and wrinkle-free Dacron with long-lasting crispness, are ideal for your lightest, brightest windows. Keep them lovely by frequent washing, gentle care: do not squeeze or twist, just rinse, hang to dry. Fine tailoring includes wide French-headed ruffles with 1¾ yards fullness to each yard; ruffled tiebacks with bone rings; back hems for straight hanging; headed rod pocket. Read "How to Measure" on opp. pg. Hang on double rod (H) sold on Pg. 514.

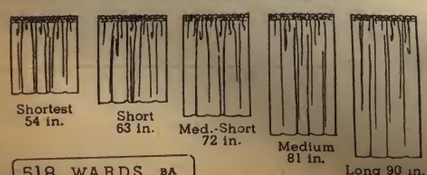
HOW TO MEASURE FOR TAILORED CURTAINS

LENGTH. Plan to let curtains hang to sill, apron of the frame or to the floor. Decorators approve all three lengths. Measure from rod to point decided on for length—select from Wards custom-sized curtains.

WIDTH. Tailored curtains look best when hung full—allow two or preferably three times width of window. To treat group of windows as one allow same proportions for overall area; hang as many as needed.



A WORD ON WASHABILITY

For maximum service and beauty wash curtains often to protect fabrics against excessive sun, heat, dirt and fumes. To equalize wear change curtains from window to window occasionally so that same panels or pairs will not always be exposed to sunlight. Look on the back of envelope containing curtains for detailed instructions on "How to Wash and Care for Curtains."

MONTHLY PAYMENT PLAN

Need new curtains for Spring? Buy now, pay on Wards convenient Monthly Payment Plan. Only 10% down on first order of $20 or more. See Inside Back Cover for details.

CAFÉ, PINCH PLEAT COORDINATES

"LEAF LYRE", FAILLE WITH GOLDEN HIGHLIGHTS
ELEGANT NEW SILL LENGTH COORDINATES

Pinch Pleats 4.49 to 5.49 Cafés 2.89 to 3.29

(E) (F) Brushstrokes of metallic gold set off richness of lustrous Rayon Faille fabric, add bright shining touches to fantasy design in popular color tones. (See swatches for closeup). Pinch pleats and café curtains can be combined to make a lovely and highly livable window setting as pictured in room. Individually they are equally effective—pinch pleats for their tailored beauty, cafés for their sophisticated charm and versatility in hanging. Matching preshirred valance (styled like A on opposite page) sold separately below. Rayon Faille is a soft draping, finely ribbed fabric, printed in sun resistant colors for lasting beauty. Metallic gold is permanent, will not fleck off. Dry cleaning recommended. *Colors:* Pink-Gray or Brown-Aqua.

"PALO," NEW LUXURY-TEXTURED SPUN RAYON
IN FIVE OF FASHION'S LOVELIEST DECORATOR HUES

Pinch Pleats 4.49 to 5.49 Cafés 2.79 to 3.39

(G) (H) Palo, a fabulous new casement fabric with that sought after "casual elegance" that is so popular in curtain fashions today. It's a fine weave of spun Rayon with a sprinkling of seed-like nubs (see swatches for closeup) that give it character and richness, both in hand and at windows when light is shining through. Colors are especially lovely, give windows a luxurious air. Palo is softly drapeable, wash or dry clean. Sun resistant colors.

Pinch Pleat and Café coordinates afford many different and very beautiful window treatments. Use both styles together in harmony as shown or contrast for a striking effect. Pinch Pleats make wonderful draw curtains over average or wide windows—just order as many pairs as needed. Cafés offer interesting variety in style of hanging and in color combinations. Hang singly with valance (sold separately below) across top, double tier with or without valance.

Colors: Gold, Turquoise, Pink, White or Linen.

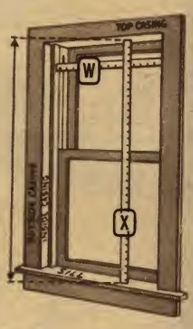
HOW TO MEASURE FOR VENETIAN BLINDS

Measure each window separately—they may vary. Measurements must be exact, make no allowances (*do not measure old blinds*). Use a yardstick or metal rule; not a cloth tape. Decide if blinds are to be hung Inside or Outside window casing. Special Order Blank sent on request.

TO INSTALL BLINDS INSIDE CASING

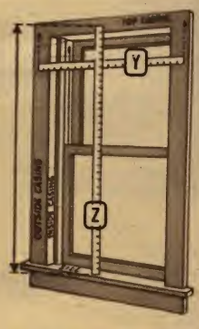


Preferred for windows where you want a trim, neat appearance; out of the way of curtains. Requires at least 1-in. flat surface on inside of window casing jamb for attaching brackets.

(W) WIDTH—Measure between points where brackets will be. *Send exact measurements.* We allow for brackets (box-head cut ½ in. less than widths listed), slats ¼ to ½ in less on ea. side to avoid scraping.

(X) LENGTH—Measure exact distance from top inside casing to sill. Sill brackets to hold blind down, furnished on request without charge.

TO INSTALL BLINDS OUTSIDE CASING



Use where inside casing has less than 1 in. of flat surface to attach brackets. Preferred if blind is for group of windows or to make windows look wider.

(Y) WIDTH—Measure between points where brackets will be placed, allowing 3 in. more than window width for 1½-in. overlap on each side. Should be at least 1 in. of flat surface on which to attach brackets. Boxhead cut ½ in. narrower than widths listed for brackets.

(Z) LENGTH—Measure to sill or desired point below. Allow 3-in. overlap at top. Sill brackets to hold blind down on request.

STOCK SIZES. If width required does not correspond with size offered, order nearest size; brackets adjust to ⅝ in. more, ¼ in. less than widths listed. Example 27-in. blind will fit windows 26¾ to 27⅝ in. To shorten, remove slats as required.

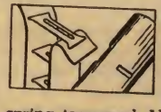
"TWI-NIGHTER" CUSTOM FLEXALUM 6.79 22x54 in.

FINEST ALUMINUM-SLAT BLIND, smoothest working.

TURNS DAY INTO NIGHT, best slat-closure control.

168 SLAT AND TAPE COLOR COMBINATIONS to choose from



Wonderful Twi-Nighter Aluminum Blinds give more complete control of light than any other blinds made. When slats are fully closed, rooms are "really dark not just dim". Resilient 2-in. crown curved slats of spring tempered Aluminum overlap full 5/16 in., close more tightly because of special double ladder tapes, exclusive design of slats, unique position of cords, rectangular rout holes and back notches—see sketch. Light weight, easy to handle, won't rust or corrode in any climate. Durable, baked-on enamel finish is marproof—won't chip or peel, stays beautiful, will last for years. Non-porous for easy cleaning.

Precision engineered mechanism is "sealed in steel", lubricated for life. Beautiful textured plastic tapes are long wearing, can't shrink, stretch, fade or fray. Cords are tough Nylon, color-matched to slats, tapes and other parts of blind. Soft plastic tassels are unbreakable. Top bar is trim looking, gives a finished appearance. Bottom bar has plastic end caps, won't mar woodwork.

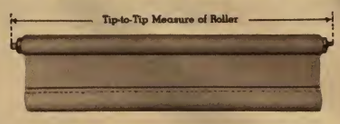
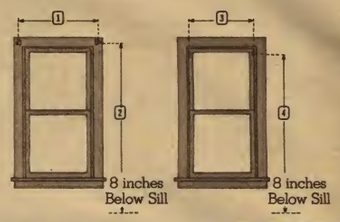
HOW TO MEASURE FOR WINDOW SHADES

Use wood or metal rule. Measure old shades. Width of roller includes metal end tips. Unroll shade to measure length. Only lengths listed for each shade are available.



OR MEASURE EACH WINDOW

Measure at top of frame for outside or inside installation. (See diagrams below). There must be at least 1 in. of flat surface to attach brackets. Allow 8-in. length below sill for rolling. All shade lengths described are after hemming.



FOR OUTSIDE CASING

1—WIDTH. Measure space between points on outside casing where brackets are to be placed.

2—LENGTH. Measure space from top casing to 8 in. below sill. Order next longer length listed.

FOR INSIDE CASING

3—WIDTH. Measure distance between points on inside casing where brackets are to be placed.

4—LENGTH. Measure distance from inside top of casing to 8 in. below sill. Order next longer length listed.

Cimara

ALL-WOOL TEXTURED LOOP WILTON

9-Ft. Width 9.25 Run. Ft. 12-Ft. Width 12.35 Run. Ft.

A CARPET TO REFLECT YOUR PERFECT TASTE AND SOUND JUDGMENT. With its appearance of exquisite hand-looming, Cimara introduces new luxury and distinction to any room. Its rich embossing is the result of sturdy loops woven in three different levels, with a sharp definition of design seldom attained in even the most costly hand-carved carpeting. Cimara has the ability to dramatize the best in modern or traditional furnishings, to give your rooms an atmosphere of beauty, harmony and ageless good taste. Extremely resistant to crushing, this resilient all-wool Wilton broadloom is especially good for heavy-traffic areas. Years of wear will not dim the luxury of its thick, dense pile. Four decorator-acclaimed colors: (K) Two-Toned Gray, (L) Two-Toned Beige, (J) Green or (G) Nutria, a soft rose taupe. *Read "Shipping and Ordering Information" on Page 535. FACTS ABOUT WARDS CARPETING . . . THREE REASONS WE CAN OFFER DEPENDABLE QUALITY AT LOWEST POSSIBLE PRICES

1. America's most famous carpet manufacturers are the weavers of all broadlooms offered by Wards. Wards broadlooms are identical in quality to the broadlooms that carry the makers' own labels. Wards label, thus, assures you always of sound quality, good taste and good fashion.
2. Wards big-volume operation means you pay far less than famous-label prices. We buy carpeting direct from the great makers in huge quantity orders. This fact, plus Wards own economy of operation, makes it possible to offer these famous-maker qualities at money-saving prices.
3. In addition to famous-maker dependability, you enjoy the *extra* assurance of Wards own strict quality standards and laboratory testing. Wards sell first quality only—never "seconds" or irregulars. These rigid standards make possible our Guarantee of Complete Satisfaction.

Sandelle

ALL-WOOL RIPPLE TEXTURE

9-Ft. Width 8.95 12-Ft. Width 11.90*

NEW ALL WOOL VERSION OF A DECORATOR'S FAVORITE. Interesting ripple texture in three new popular "tweed" effects that form a flattering background for almost any predominating color, or in five solid colors. Wonderful background for multicolored fabrics and furnishings. You'll like Sandelle equally well as a setting for modern or period furniture, and you'll enjoy for many years the cushioned luxury it gives your floors. Loomed of fine carpet wools in a loop pile of varying heights which result in its rippled effect. The random texture prevents scuff marks and soil from showing readily. After weaving, the heavy backing is specially treated with white Latex to seal in the pile and prevent fraying. Colors: (F) Jade Green, (H) Spruce Green, (G) Beige, (A) Green Tweed, (C) Tanbark Tweed, (B) Nutria Tweed, (E) Gray or (J) Nutria. Be sure to read "*Shipping and Ordering Information*" on Page 535 before you make out your order. *State length, color and letter.*

ALL WOOL TWIST BROADLOOM

9 Ft. 10.95 and 8.95 Run. Ft.

TWIST CARPET—A FAVORITE WITH HOMEMAKERS year after year because it is such an attractive background for furnishings of all types—from the most casual to the most formal. The nubby, twisted all-wool yarns spring back after every step to conceal footprints—give a two-tone, pebbly effect—resist matting. Two qualities offered in 6 identical, beautiful basic decorating colors. Read "Shipping and Ordering Information", Page 535. *State length, color and letter:* (F) Hemlock Green, (B) Gray, (D) Nutria, (A) Light Green, (C) Sandalwood or (E) Beige.

TWISTETTE—ALL WOOL PILE (shown above). Wards Best Quality Twist carpet. Denser, thicker, higher pile than Styltwist (described below)—even more longwearing and luxurious. Woven of the best imported 100% 3-ply virgin wool. Extra heavy White Latex coating on back locks in tufts.

73 C 1140 F—27-in. width. Ship. wt. 1 lb. 2 oz. Run. ft. $2.80

TUFTON NYLON BROADLOOM

9 Ft. 7.50 Ft. 12 Ft. 9.95 Ft.

AN EXCITINGLY BEAUTIFUL BROADLOOM—Callaway's wonderful blend of Tufton (carpet rayon) and miracle Nylon. Offered in two types—tightly twisted Loop Pile or velvety Cut Pile. This extra dense broadloom (there are 8,685 tufts to every square foot) takes unbelievably hard wear, resists soil, matting and shrinkage—is completely mothproof. Vacuuming quickly removes dirt, which does not cling to the smooth fibers; spot cleaning takes care of most stains. Decoratively right in any setting, casual or formal. Sturdy Jute backing heavily coated with Latex, prevents slipping and locks in tufts. You must see this exceptional carpet to appreciate it—write for samples. Read "Shipping and Ordering Information" Page 535. *State color and letter:* (AA) Cocoa, (BB) Jade Green, (EE) Hunter Green, (DD) Sandalwood, (CC) Pewter Gray or (FF) Turquoise.

NYLETTE . . . TIGHTLY TWISTED LOOP PILE. Gives the nubby, pebbly effect of popular Twist broadloom. So crush-resistant it shows practically no footprints whatsoever—pile springs back into place after every step. Particularly resistant to linting. Ends expertly finished at no extra cost.

73 C 1911 F— 9-ft. width. Ship. wt. 5 lbs. 4 oz. Run. ft. $7.50
73 C 1912 F—12-ft. width. Ship. wt. 6 lbs. 12 oz. Run. ft. 9.95

NYLCREST . . . VELVETY CUT PILE (not shown—see in Wards nearest Catalog Office). Looks like costly Chenille. The pile remains soft and cushiony even after repeated cleaning. Needs no binding—won't fray. Ends will be beveled.

73 C 1901 F— 9-ft. width. Ship. wt. 5 lbs. 4 oz. Run. ft. $7.50
73 C 1902 F—12-ft. width. Ship. wt. 6 lbs. 12 oz. Run. ft. 9.95

SURBANA . . . ALL COTTON LOOP PILE

9 Ft. 4.50 Ft. 12 Ft. 6.00 Ft.

PIVOTAL POINT FOR A LOVELY ROOM—Callaway's beautiful seamless Cotton Broadloom that looks so expensive, wears so well yet costs so little. Especially effective as a background for today's casual and comfortable furnishings—equally flattering to traditional pieces.

All the soft beauty of tightly twisted loops—all the practical features of colorfast, hard-wearing cotton. Gem-clear colors. Every loop tufted through the tough backing, then locked securely in place with a special rubber coating that adds extra strength and longer life—does away with curled corners. Surbana is made of all new, long staple cotton yarns—preshrunk. It may be swept or vacuumed, spot-washed for stains or cleaned professionally. Pile remains firm even after repeated cleaning—the colors won't run or streak and are fade-resistant. (V) Teal Green, (W) Gray, (Z) Cocoa Brown, (X) Evergreen, (Y) Bing Cherry Red or (R) Beige. WHICH WEAVE IS BEST?

No longer can the quality of carpeting be judged by the weave alone—such as Wilton vs. Axminster. One weave is not necessarily better than another, for each basic weave has many variations. Today's carpets are designed to fulfill a specific decorative function, and the difference between weaves is mainly a difference in decorative effect.

Sharonay (below) in Colors M, N, K and L

SHARONAY, ALL WOOL SCULPTURED LOOP WILTON

9 Ft. 7.95 Ft. 12 Ft. 10.60 Ft.

FOR MANY YEARS AVAILABLE ONLY IN COSTLY CARPETING . . . this exquisite, gently flowing scroll design can now be yours in a beautiful imported all-wool Wilton at a very popular price. Closely packed loop pile, loomed in three different levels, gives an artistic sculptured effect. A flattering background for any furnishings.

Sharonay is the lowest priced Wilton Wards offer, yet it is a carpet you will be proud of for many years. It wears surprisingly well for a carpet in this price range, resists matting and crushing, and the design helps to conceal soiling. Imported from Belgium, this handsome broadloom is loomed of fine carpet wools.

Choose from four fashion-right colors: (M) Nutria, (N) Gray, (K) Beige or (L) Green. Be sure to read "Shipping and Ordering Information" on Page 535 before you make out your order. *State length, color and letter.*

SHIPPING AND ORDERING INFORMATION FOR BROADLOOM . . . BE SURE TO READ THIS BEFORE YOU ORDER

All Broadloom is shipped promptly from Factory near Kansas City, Mo. by Freight, Express or Truck. You pay shipping charges from your nearest Ward Mail Order House only.

Broadloom is cut to your individual order, so please measure accurately. Order all one width for the same room as colors may vary slightly in different widths.

IF YOU HAVE A CARPET PROBLEM—for example: an irregular room, an attached area, a stairway, an alcove or recess—write us. We will gladly estimate for you the length and width of carpet you need, without any charge or obligation to buy.

FINISHED RUGS: Cut from big rolls of broadloom to length you specify, with ends finished at no added cost. Order size which fits your room best. For a rug less than 9 feet wide order 9-ft. width—we will cut it down to your specified dimensions and expertly finish it without charge. Similarly, order 12-ft. width for rugs wider than 9 and narrower than 12 feet, etc.

TO GET MAXIMUM SERVICE FROM YOUR RUGS AND CARPETS use scatter rugs in any concentrated wear areas such as heavy traffic lanes, before favorite chairs or sofas or near television sets where children congregate or viewers are seated, etc.

WALL-TO-WALL CARPETING INSTALLATION: Specify "unbound ends" when you order. Allow 2 inches extra on all sides and ends for turnunder when tacking down. Wards recommend only professional installation for wall-to-wall carpeting. Your nearest Ward Catalog Office or Retail Store will recommend expert installers in your community.

We will be glad to send a generous sample of the carpet you are interested in, or you can see samples of all Wards Broadloom in your nearest Catalog Office and compare colors and patterns, height and density of pile, firmness of weave, etc.

27-INCH HALL AND STAIR CARPET AT LOW PRICES

HOW TO ORDER STAIR CARPET

To measure straight stairways add height of riser to depth of tread (include stair nose); multiply by number of steps. If stairs turn, measure each step where carpet will be deepest. Order 9 inches extra so you can shift riser to tread to distribute wear evenly—it will double the life of your carpet. If you want instructions for stairway installations, please request them on your order.

Stair Carpet is shipped from Factory near Kansas City, Mo. You pay shipping from nearest House only. Up to 60 feet *Mailable;* longer cuts shipped promptly by Freight, Truck or Express.

OTHER 27-IN. CARPETING suitable for halls and stairs shown above and on Pages 532 to 534.

USE GLAMORENE CARPET CLEANER, Page 662 to keep carpets clean and fresh.

USE RUG CUSHIONS under all carpeting to make it softer and wear longer. Choose from several types shown on Page 552.

Wool Braided Rugs in Round and Oval Shapes Shown Above

Reversible Braid Rugs in Cotton or Wool

POPULAR COTTON OVAL BRAID RUGS

Authentic adaptation of old Colonial rugs, so skillfully made you'll think they're hand-braided. Tremendously popular because the soft, variegated colors harmonize with any color scheme and are at home in any informal style of decoration. Reversible—distributes wear and saves on cleaning.

Extra heavy cotton yarns are tightly braided into flat plaits which are then firmly stitched together giving you a rug of maximum durability. Both surfaces of the rug are smooth and snag-resistant. These rugs should not be confused with rugs of inferior construction which are actually made of cotton tubes, stuffed with a filler of cord, then stitched together to resemble braided rugs.

Striped Braid design with predominating colors: (T) Red, (A) Black, (B) Gray, (V) Brown or (R) Green. Stripe effect varies with size of rug. Smaller sizes can be laundered satisfactorily— wash separately and dry flat. Room sizes may be cleaned easily with your vacuum; when necessary have cleaned professionally. Sizes 6x9 ft. and smaller are *Mailable;* 9x12-ft. size shipped by Freight, Express or Truck. Sizes are approximate. *State size, color and letter in your order.*

WOOL BRAID RUGS IN OVAL OR ROUND SHAPES

BEAUTIFUL, VERSATILE, SERVICEABLE—and very low priced for this fine quality —9x12 size usually sells for $99.50 elsewhere. Create a homey atmosphere, warm and hospitable. Rich multicolor effect blends with almost any decorating scheme, fits in charmingly with Early American or Provincial settings—or with any informal style of decorating. Durable wool yarns, tightly braided and firmly stitched together for long wear. Reversible for double duty. May be cleaned easily with your vacuum; when necessary have cleaned professionally.

Choose predominating colors of: (E) Brown, (G) Tan, (H) Green, or (F) Gray. 6x9 ft. *Mailable;* 9x12 shipped from Stock by Freight, Express or Truck; others from Factory near Asheville, N. C. EMBOSSED RAYON ROOM SIZE RUGS

Beautiful new room size rugs of embossed Avisco Carpet Rayon. High-twisted loops of about ½ in. stand out in raised relief against dense low-loop background, about ¼ in., emphasizing the classic block design that's equally elegant with modern or traditional furnishings. Nylon is added to give the colors a clear, bright luster. Tufted through a strong Jute backing which means they won't wrinkle; helps rugs hold their shape. May be swept or vacuumed; have laundered professionally when necessary. Sizes are approximate. Design varies proportionately with size of rug. 6x9 ft. *Mailable;* 9x12 ft. shipped by Freight, Express or Truck. *State size, letter and color:* (J) Charcoal, (K) Woodtone, (L) Gray, (N) Sandalwood or (P) Evergreen. COTTON FASHIONTUFT IN ROOM SIZES AND SCATTERS

Newly perfected machinery makes it possible to produce these beautiful cotton rugs for approximately half their previous cost. And now the 6x9 and 9x12-ft. sizes are made with Jute backing, which means these larger rugs hold their shape and won't wrinkle. Scatter sizes have conventional duck backing. All are rubberized to prevent slipping. High twisted loops combined with dense low loops form a sculptured block design. Select quality Cotton yarns. Room sizes may be swept, vacuumed or laundered professionally. Wash scatters separately—they stay soft and fluffy (maximum shrinkage 1%). Sizes approximate. Design varies proportionately with size of rug. 6x9-ft. and smaller sizes *Mailable;* others by Freight, Express or Truck. *State color:* (D) Turquoise, (W) Nutria, (M) Gray, (Y) Beige or (Z) Dk. Hand Hooked Rugs

IMPORTED HAND-MADE HOOKED RUGS

These hand-hooked Cotton rugs are adapted from authentic Early American designs. Give your rooms character and warmth. Soft, harmonious colors actually become more beautiful and mellow with use, blend well with contemporary things as well as treasured old furnishings. Imported from Japan. Heavy, long wearing; extra-strong cotton yarns are closely hooked by hand through heavy cotton crash. Ends and sides are carefully reinforced with binding underneath so they won't kick up. May be cleaned easily with your vacuum; when necessary have cleaned professionally.

New England design shown in room has Black border only. Provincial design (GG) comes in Tan only. Colonial design (K, J, LL) has Green, Beige or Brown borders. Sizes are approximate. CALLAWAY'S LOOP PILE SCATTER RUGS . . . 2.79 24x36 in.

(Shown below.) Priced very low for this good quality scatter rug by the nationally known Callaway Mills. Not just an ordinary shag rug—the good quality Cotton yarns are tightly twisted in a new way to give a "crimped" bouclé effect. Loops are about ½ in. high, densely packed to resist matting and securely stitched through backing of strong duck fabric. The backing is rubberized to hug the floor, help prevent slipping and sliding and to lock the pile securely in place. Ends are finished with an overcast stitching to prevent fraying; selvedged sides. A neat loop edging goes completely around the rug. This, plus new rounded corner treatment gives a more expensive, carefully tailored look. Fine dyes keep colors bright and fresh looking even after many washings. Pre-shrunk (shrinkage won't exceed 1%). Wash separately. Sizes approximate. Your choice of nine beautiful colors from soft pastels to vibrant decorator colors: Dark Green, Garnet, Gray, White, Turquoise, Blue, Yellow, Cocoa or Charcoal. *State Size and Color. Mailable.*

HOW TO ORDER AND INSTALL FLOOR TILES . . . DO IT YOURSELF FOR REAL ECONOMY

Floor tiles are so simple to install any housewife can do the job herself and save costly installation charges. Easy-to-follow instructions are included with every Tile order. Order installation needs from this page or from Page 551.

TO ESTIMATE NUMBER OF TILES NEEDED measure length and width of room in inches, separately; divide each measurement by size of tile (6 or 9 inches). Increase fractions to nearest whole number. This gives tiles needed for each side of room. Multiply these two numbers (length by width) for total number of tiles Measure offsets separately. For two or more colors draw floor plan on checkered paper. Tint squares in desired pattern, count tiles of each color. Order a few extra in each color for replacement later if necessary. For exact color match order all tiles at one time. If you need help in figuring your tile needs, see Page 542 for Wards Free Estimating Service.

HOW TO INSTALL: If tiles are to be used over a wood floor it must be of double layer construction. Be sure it is clean and perfectly smooth. (If your floor is of single layer construction or exceptionally rough, use Flooring Underlayment—see Index.) Cover your entire floor with Lining Felt (sold on Page 551) so that its length runs ACROSS floorboards. Fasten Felt to floor with Linoleum Paste (Page 551). Next, spread over the Felt a coat of the adhesive recommended for the type of tile you are using. Then, place tiles in position according to your floor plan.

To install Asphalt or Excelon Tiles on Concrete floors whether above, on or below ground level, first fill all cracks or uneven spots with Wards Concrete Floor Patch and Leveler (sold on Page 551), then proceed as for other types of tile installation. (Lining Felt should NOT be used on Concrete floors.)

ARMSTRONG'S ASPHALT TILE . . . USE ON ANY FLOOR, EVEN BASEMENTS

Wards lowest priced floor tile. Attractive and appropriate for any room in the house. Particularly practical for basements or concrete floors in direct contact with the ground because it is not harmed by moisture or alkalis.

Extremely durable. Keeps its beauty despite constant traffic and hard wear. Color and marble-like graining go clear through the tile thickness (1/8 inch) so they can't ever wear off. So simple to install any housewife can do the job herself. Use Asphalt Tile Adhesive above. Easy to keep clean with mild soap and water. Keep bright and beautiful with Tile-Glo, sold on Page 761, or with water-soluble or water-emulsion wax. Never use paste wax on Asphalt Tile floors.

Wards Rubber Tile

TWO GAUGES, TWO SIZES 7½c TO 25c

Beautiful, mirror-smooth finish that always looks freshly polished . . clear bright colors . . . noise absorbence . . . fatigue-reducing underfoot cushioning . . . high resistance to wear . . . these are some of the features that account for the great popularity of Wards Rubber Tile.

It cleans faster, stays clean longer, seldom needs waxing—with normal care will retain its lustrous, polished look for years. You can count on years of extra wear because the lovely colors go clear through each tile.

Beautiful and practical for any room except basements or on floors in direct contact with the ground. (For this purpose use Asphalt or Excelon Tile sold on Page 541.) Non-porous—a fine choice for bathroom or kitchen installation.

So simple to install that a housewife can do the work herself. Install with Rubber Tile Cement sold at right. Other installation needs sold on Page 551.

Eight beautiful colors: (A) Green, (H) Pink, (Z) Beige, (N) Gray, (C) Gray with Yellow, (P) Off-White with Red, (E) Off-White with Green or (B) Red. CORK TILE FOR FLOORS AND WALLS 23c TO 33c

(Shown in room above). The quietest, most resilient of all tiles. Offered in two convenient sizes and in Heavy and Standard Gauge. The warm, mellow beauty of natural cork is further enhanced by harmonious and subtle variations of light and dark shading, providing a rich and flattering background for any type of decoration. Looks new and beautiful for years. Easy to install—just cut with knife to fit room irregularities.

Cork is naturally quiet and comfortable underfoot. Warm in winter, cool in summer, it gives the advantages of a hardwood floor plus carpeting. Resilient and non-slip, it will not warp or rot, dust or crumble. Beveled edges eliminate the need for sanding or further finishing. Each tile is wax finished—requires only occasional washing and waxing. Can be installed over any type of floor except concrete in direct contact with the ground. Not recommended for kitchens or bathrooms where it may be damaged by grease or moisture.

WHEN ORDERING 9x9-IN. TILES BE SURE TO READ "HOW TO ORDER" ON PAGE 541. When ordering 6x12-in. tiles, measure separately length and width of area in feet. Multiply together, then multiply by 2 for number of tiles needed. Install Cork tiles on walls or floor with Linoleum Paste (opposite page). *Not Mailable.* Shipped by Freight, Express or Truck.

ARMSTRONG'S HANDSOME TEXTURED LINOLEUM TILE

Two Qualities . . . 9x9-In. Size . . . Standard Gauge 15c Ea. . . . Light Gauge 10c Each

Unusually attractive brush-stroked graining distinguishes this beautiful Linoleum Tile. Broad striations result in a dramatic contrast between light and dark strokes. Laying tiles so that graining changes direction from tile to tile heightens the effect. Linoleum is easy to care for and long-wearing. The lovely colors retain their beauty for the life of the floor because they can't wear off—they go clear through to the backing. Easy to install. Use in any room except basements or on floors in direct contact with the ground. Wax occasionally for easier cleaning and to preserve original beauty.

Offered in two qualities—standard-gauge and light-gauge. Standard gauge has 75% more wearing surface than light gauge. *Colors:* (9) Beige Multicolor, (7) Woodtone, (12) Shadow Gray, (15) Gray Multicolor, (14) Saddle Tan or (8) Timberline Green. Install with Linoleum Paste above. *Not Mailable.* Shipped by Frt., Exp. or Trk. Read "How To Order" Page 541

SANDRAN FLOOR COVERING . . . GLOSSY FLOORS THAT NEVER NEED WAXING . . . 6-Ft. Width 84c Ft. . . . 9-Ft. Width 1.25 Ft.

Luxurious, Expensive-looking, Work-free Floors that wear and wear . . . abrasion tests prove Vinyl surfaced floors outwear printed enamel and light gauge linoleum surfaces.

Pattern Sealed In—Wear Sealed Out. Colors and designs stay factory fresh under a sealing plastic surface—not even lye can harm it. Patterns are printed with Vinyl ink on a plastic impregnated surface, then bonded to a durable asphalt-saturated back. Next, a clear vinyl plastic sheet is fused on top to take the wear.

Easy to Clean, Easy to Install. Wipes clean quickly with mild soap and water. The non-porous surface sheds spots and stains—dirt can't get ingrained. Never needs waxing. Install it yourself and save. Cuts easily with shears; lies flat without fastening. To install permanently, paste directly to floor—no lining felt needed. Use Linoleum Paste (2) sold on Page 551. Do not paste on floors in direct contact with ground. For accurate color match order all one width for the same room; rolls of different widths may vary slightly. Read "How-to-Order" Page 547. Armstrong's "Quaker" Enameled Floor Covering

HEAVY WEIGHT . . . WITH SPECIAL "K-99" ALKALI RESISTANT ENAMEL SURFACE . . . 6, 9 AND 12-FOOT WIDTHS

6-Foot Width 58c Run. Ft. | 9-Foot Width 87c Run. Ft. | 12-Foot Width 1.15 Run. Ft.

ARMSTRONG'S QUAKER QUALITY is heavy-weight printed enamel floor covering. Gives long wear because heavy-weight is the best grade of printed-enamel made. Made by the nationally known Armstrong Cork Company and backed by their reputation for quality merchandise.

HEAVY, TOUGH ENAMELS, containing the scientifically developed "K-99" base, are more resistant to soap alkali, give longer wear and have more color brilliance. Baked on a sturdy felt base, the new enamels form a hard glossy finish. Popular colors and patterns harmonize beautifully with other home furnishings and add new life to your room.

THICK, STRONG FELT BASE saturated with asphalt for heavy, sturdy backing. Lies flat without fastening. May be pasted to floor if desired—"Safety Back" permits easy removal. Do not use lining felt under printed enamel floor covering.

RESISTANT TO SPOTS AND STAINS — soil will not cling to the smooth surface; spilled liquids are easily wiped off. Armstrong's Quaker Quality is known for long wear and easy care—wash with mild soap and water. Wax after each washing to protect the bright finish and keep it sparkling. (See Index for waxes and cleaning supplies.)

TWO MATCHING MATS FREE
WITH ORDERS OF $7 OR MORE

Free—two matching 18x36-inch mats with every order of Heavy-weight Wardoleum of $7 or more.

To get the maximum wear out of your Wardoleum, use these two matching mats in doorways, in front of the sink, or in other heavy traffic areas. Free offer applies only to Patterns 1, 2, 3, 4, 5 and 6.

1 TO 6 BEST QUALITY WARDOLEUM is heavy-weight printed enamel floor covering. Gives greater durability, more value for your money because heavy-weight is the best grade of printed enamel made. A wide pattern assortment includes tile, texture or floral designs. Heavy, tough enamels are baked on sturdy felt base to form hard finish for mirror-smooth, long-wearing surface. Rich, fade-resistant colors.

NO INSTALLATION PROBLEM—thick, strong asphalt-saturated felt base lies flat without pasting—just unroll like a rug. Do not use lining felt under any printed-enamel floor covering.

RESISTANT TO SPOTS AND STAINS—soil will not cling to surface; just wipe off spilled liquids and grease. Wash with mild soap and water. Wax occasionally; use Wards Self-Polishing Wax.

PATTERNS: (1) Gray with Yellow Leaf, (2) Green Domino, (3) Turquoise Texture on Gray, (4) Charcoal and Pink 9-inch Cross-directional Tile, (5) Charcoal with Pink Texture and (6) Green Floral. Offered in 6, 9 and 12-foot widths—cut any length. Read "How-to-Order" at right. If two or more lengths are needed in your room, order all the same width; otherwise we cannot guarantee perfect color match. Rolls of different widths may vary slightly. Patterns repeat every 18 inches. Lengths up to 15 feet of 6 foot width *Mailable*; others by Freight, Express or Truck. *State Length and Pattern Number.* Remember, you get two matching mats free with every order of $7 or more.

HOW TO ORDER LINOLEUM, PLASTIC AND PRINTED ENAMEL FLOOR COVERINGS

HOW TO MEASURE: For wall-to-wall installation, measure floor, under quarter-rounds, from baseboard to baseboard, at widest and longest points. If floor covering is to extend through a doorway, order extra length. Measure offsets separately and order extra length. For accurate measurements use steel or wood rule.

FOR PERFECT COLOR MATCH: If two or more lengths are needed in your room, be sure to order all lengths the same width and at the same time, otherwise we cannot guarantee perfect color match. There is usually a slight color variance in rolls made at different times, and also in rolls of different widths.

Marbleized, Textured, Terrazzo and Spatter Patterns require no pattern match.

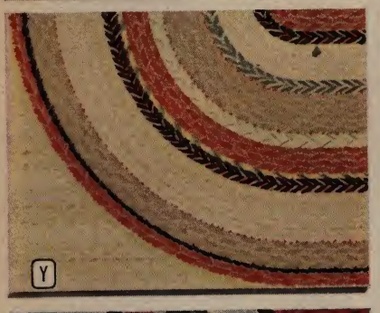
FOR PATTERN MATCH: If your room requires two or more lengths, it is often necessary to order the second length longer than the first so that the pattern will match. If your floor measures one of these lengths: 7½, 9, 10½, 12, 13½, 15, 16½, 18, 19½, 21, 22½, 24, 25½, 27, 28½ or 30 feet, order both lengths the same. If your floor does NOT measure one of these lengths, order the second length next larger size given in the listing.

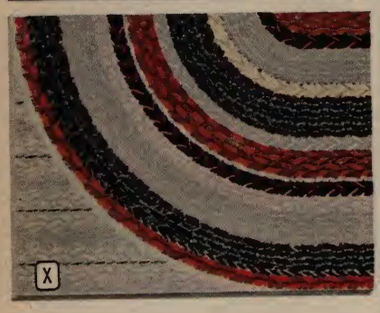
FOR EXAMPLE: If you are using 6-ft. width for a floor 11x12 ft., order the first length 11 ft. and the second length 12 ft. since 11 ft. is not included in the sizes listed.

IF YOUR ROOM IS DIFFICULT TO FIGURE Wards will send you an estimate, without charge or obligation, of the floor covering and installation materials you need. Send us a simple floor plan showing length and width of your room in feet and inches, also measurements for any irregularities. Indicate direction the floor boards run. State the type of floor covering you are interested in, and tell whether your floor is concrete or wood; also, whether it is above, on or below the ground level.

If you prefer to budget your purchases, Wards make it possible for you to pay for them out of current income each month. All items on these two pages may be purchased on orders of $20 or more for only 10% down. Full details and terms of Wards Convenient Monthly Payment Plan and its Add-on Feature are given on Inside Back Cover.

Colors match the actual merchandise as closely as possible with modern high-speed printing methods.





Armstrong's Nationally Known "Quaker" Rugs

HEAVY-WEIGHT, WITH SPECIAL "K-99" ALKALI-RESISTANT ENAMEL SURFACE . . . LONG WEARING, EASY TO KEEP CLEAN . . . 5.95 6x9 ft. TO 18.75 12x15 ft.

Armstrong's Quaker Quality Rugs are heavy-weight printed enamel floor covering. Heavy-weight is the best grade of printed enamel made. Manufactured by the nationally known Armstrong Cork Company. Heavy, tough enamels in "Quaker" rugs contain Armstrong's specially developed "K-99" base, which make them easier to keep clean, wear much longer. Colors have more brilliance, and are more resistant to fading and soap alkali. Enamels are printed on strong asphalt-saturated felt base, then baked to a hard, mirror-smooth finish. Waterproof—more resistant to spilled liquids, grease, spots and stains. Wash with mild soap and water; wax occasionally to protect the finish. Rugs lie flat without fastening. Armstrong's exclusive "Safety-Back" seals in the asphalt and eliminates staining of floors. Never use lining felt with printed enamel floor covering. Twelve patterns appropriate for every room. Attractive Colonial Braid oval rug design (Z, Y, X) on a rectangular background—use rugs as they are or, to give the appearance of actual woven rug, cut away corners—(Z) Green on Ivory, (Y) Red on Lt. Beige, (X) Red and Black on Gray; (G) White Floral—corners can be cut away to give appearance of actual woven rug with all around fringe; (H) Gray Plume; (T) Beige Floral; (J) Gray Leaf on Green; (V) Gray Leaf on Red; (C) Turquoise Wheat Design; (A) Beige Wheat Design; (B) Taupe Texture; (W) Red Plaid. 6x9-ft. size *Mailable*; others shipped by Freight, Express or Truck. *State Size and Pattern Letter.*

Metal Trim, Edgings and Installation Needs

FOR TILES, COUNTERTOPS, STAIR TREADS, LINOLEUM AND WALL COVERING . . . DO IT YOURSELF AND SAVE

Stainless steel trim gives work surfaces, wall and floor installations that finished, tailored appearance that suggests professional installation. It protects the edges of your covering material—prevents damaging tears, etc. These trims make it easier to install your material too . . . around corners, for instance . . . or by hiding irregularities. Use them also to repair damaged seams, etc. in old installations.

These trims won't tarnish—their mirror-like luster lasts for years. Flexible and very durable, precisely shaped and dimensionally perfect. You can install them yourself, quickly and easily. Complete instructions, nails and screws included with your order.

There are two types of metal trim: the "UNDERSLUNG" type which is installed before covering is applied, and the "ON-TOP" type which is installed after covering is applied. Room scenes above merchandise illustrations demonstrate uses of the various pieces.

6-foot and shorter lengths are *Mailable;* 12-foot lengths are shipped by Freight, Express or Truck. Order in 6-foot lengths whenever possible because shipping will cost you less.

Rug Cushions and Other Floor Protection Needs

RUG CUSHIONS MAKE CARPETS WEAR LONGER . . . TREADS, MATS PROTECT STAIRS AND FLOORS

Rugs and carpets last much longer with Wards Rug Cushions (proved by Laboratory Tests) and feel more luxurious underfoot. Cushions minimize abrasive wearing action of dirt and grit on rug. Install waffle side next to floor, smooth surface on top.

Rug cushions share the weight of heavy furniture, relieve the pressure of heavy traffic areas, reduce wear caused by uneven flooring and the normal expansion and contraction of floor boards; also insulate your floors against heat and cold.

Be sure to state your rug size when ordering. Cushions will be cut slightly smaller on all sides so they won't show at rug edges. Use 27-in. width Cushions (B), (C) or (D) for stairs and halls or Sponge Rubber Stair Cushion (K) shown above. For detailed information on direct-from-factory shipments, see Page 970.

SPONGETRED RUBBER CUSHION 1.95 Run. Ft. 9 Ft. Wide

(A) Our newest Rug Cushion—gives rugs more luxurious softness—a deep pile feeling. Rubber is blown into sponge formation—thousands of little air pockets (see enlarged view at left) make cushion permanently buoyant underfoot. Can't mat down—springs back after each step. Holds rug in place—can't slip or stretch; does not absorb dirt; moth and vermin-proof. ¼ in. thick. Rug lies flat on smooth mesh surface. Slightly smaller than specifications to prevent showing at rug edges. Up to 6 feet of 9-foot width *Mailable;* larger sizes by Freight, Express or Truck. Shipped promptly from Factory near Kansas City, Mo. You pay charges from nearest House. See Page 970. *State Catalog Number and Length or Size.*

WARDS 1956 WALLPAPER CATALOG . . . IT'S FREE AND IT'S BRAND NEW!

CONTAINS NEARLY 200 SELECTIONS FROM OUR NEW 1956 LINE—ALL IN FULL COLOR. Our Wallpaper Catalog is truly an innovation—entirely different from anything we have ever put out before. *Now for the first time* you can see all color choices of each pattern; and there is a full repeat of the design so you can get a clear picture of what it will look like on your walls. No more guess work in choosing the paper that's "just right" for any of your rooms. Two actual samples of wallpaper in Best and Better qualities are included so you can see the heavy-weight paper, fine printing and rich embossing. There is even a page of all the equipment necessary for hanging wallpaper yourself. With this brand new catalog you can easily, conveniently and economically select just what you want to beautify your home right from your easy chair.

ENTIRELY NEW LINE OF HANDSOME PAPERS

Now is the time to plan fresh decorating schemes for your home. Wards offer a wide range of styles to fit every mood and taste, richly colored to latest decorating trends.

See rich textured papers ranging from rough weaves to heavy embossed designs that can create countless striking effects. You'll love the charming diminutive prints as well as versatile florals. Back cover features Wards Fabric Wall Covering that protects walls as well as beautifies.

PRE-PASTED AND PRE-TRIMMED PAPERS, offered by Wards for the first time, are completely trimmed on BOTH SIDES—eliminates tedious trimming. Each roll is already pasted—all you do is cut to length, dip in water and hang. All are plastic coated for extra-washability. Exclusive water box included with each room lot order of 5 double rolls or more at no extra charge. You save hours of work, yet pay only 40c more a double roll than for our regular wallpaper.

HIGH QUALITY AT LOW PRICES

Although competitors are increasing their prices, Wards still maintain the same low prices—⅓ to ½ less than you would pay elsewhere for comparable quality. Designs are drawn by outstanding artists of both America and Europe. Range of styles give you the latest in home furnishing trends, the finest of modern and traditional styling. All papers are manufactured under strictest quality controls.

ALL ARE FADEPROOF—Laboratory tested for a period equal to three years and show no appreciable change of color.

TRIM-EASY EDGES on all regular papers. Perforated edge tears like a postage stamp. Saves time, does a better job.

WET-STRENGTH PAPER used for all new papers—easier to handle, less likely to tear than ordinary wallpaper.

WASHABLE PAPERS are laboratory tested. Ordinary soil can be washed off with no appreciable change in the paper.

TIME TO RE-PAPER? "DO IT YOURSELF!"

More and more people are doing their own home decorating and discovering that this is the most economical and satisfying way of solving their decorating problems.

With our Pre-trimmed, Pre-Pasted line, papering couldn't be easier. Merely dip paper in water box, apply to the wall and let dry. Also our regular papers are easier to hang than ever before. Now they are all of heavier, much more manageable quality. Designs are easier to match. Regular rolls have Trim-Easy Edge.

With all these features and a little practice, you'll achieve expert-looking results. Complete hanging instructions are included with each order, if requested.

With the money you save at Wards low prices and by hanging the paper yourself, you can save enough to decorate another room or two. The satisfaction gained through a "job well done" will double your enthusiasm for the "Do It Yourself" way—the fun way of decorating.

WARDS AIRLINE RADIO BATTERIES WITH GUARANTEED LIFE

In the table below, the number of guaranteed hours listed for each battery or pack is based on an average use of 4 hours a day in home and farm battery sets and 2 hours a day in portable radios. If the battery fails to last the guaranteed time, Wards will give you a new one and charge only for service actually received from the old battery or pack.

For your protection, all Airline batteries and packs are dated at the time of sale to you. This is further assurance that you will always receive fresh, live batteries from Wards.

If You do not Know the Number of Your Old Battery check its size and voltage. Then refer to the table below. Airline Batteries will replace the Eveready and Burgess Batteries listed in the table below. For example: Airline Battery Number 62 C 33M will replace Eveready Battery Number 753 or Burgess Battery Number F6A60.

BEST QUALITY AIRLINE METAL SEAL BATTERY PACK. 1300-hour guaranteed life. Lasts over 300 hours longer than any other Airline battery or battery pack; long life means more battery economy for you. 1½-volt "A" and 90-volt "B" voltages. Tightly sealed metal case guards your radio cabinet and chassis against possible damage from battery leakage. See cutaway view of battery above. Specially designed cells develop extra power, are made taller and thinner than regular battery cells to allow easier passage of current for steady, dependable radio power. Size of pack: 15⅞ in. long by 6¾ in. high by 4⅝ in. wide.

Airline Television Antennas and Accessories

VHF AND UHF ANTENNAS FOR OUTDOOR AND INDOOR USE . . . ANTENNA ROTATORS AND MASTS

HOW TO SELECT YOUR TELEVISION ANTENNA. Wards Television Antennas are thoroughly tested at a field location under actual fringe area conditions. No design is sold which does not give maximum performance on all makes and models of TV sets.

For VHF Channels 2 to 13 (B), (C) and (F) are suitable.

For UHF Channels 14 through 83, Antenna (D) is suitable.

For VHF-UHF Channels 2 through 83 (all channel), use Antennas (A) or (E).

For best reception in fringe areas we recommend 2-section Antennas (A), (B) and (C). If you now have a VHF antenna and wish to add a UHF antenna, use Corner Reflector only (Cat. No. 63 C 7028 M) and mount on your present mast along with the Antenna Diplexer (Cat. No. 63 C 8107) listed below and Oval UHF Twin Lead-in wire.

Every installation should have ground rod, ground wire and lightning arrester. Order everything you need from this page. Instructions are included with each antenna together with clear pictures of the antenna, showing it correctly set up for use.

2-SECTION VHF-UHF ANTENNA

(A) Two sections for better reception of distant stations. Receives VHF channels 2–13, UHF channels 14–83. Extremely sensitive. 60-ft. 300-ohm oval lead-in, 60-ft. guy wire, 10-ft. mast and hardware. Universal mounting. Easily assembled and mounted—instructions included.

ALL AIRLINE TV SETS ON THESE TWO PAGES HAVE THESE FEATURES

Latest Design Circuits help eliminate picture jitters from outside interference such as ignition, airplanes, etc. Newest type tubes for trouble-free performance—all major components are protected against current overload. Automatic gain control keeps picture clear and steady despite changes in TV signal strength.

Dark Faced Picture Tube produces better black and white contrast, even in well-lighted rooms. Safety glass on all models meets rigid Underwriters' requirements.

Built-In Antenna for local reception in buildings where outside antenna can't be used. For the best results use an outside antenna wherever possible.

"Sound-Up" Speaker System featured in all console models. Projects sound-up to ear level with thrilling depth and realism.

Built Under RCA and Hazeltine Licenses. Your assurance of latest engineering features. UL Approved. For AC only. VHF/UHF sets have one more tube than VHF.

Airline One-Year Television Set Guarantee. All parts including picture tube are guaranteed 1 year from date of purchase to be free from defects in materials and workmanship. They will be replaced without charge if returned to Wards unbroken and found to be defective. Labor to replace defective parts will be free only during the first 90 days provided the set is returned to Wards for repair.

VHF and VHF/UHF Reception. All sets pictured on these pages are VHF (for Channels 2–13). All channel VHF/UHF sets (for very high frequency channels 2–13 plus Ultra High Frequency channels 14–83) are also listed. If you are within range of a UHF station (operating or proposed) you should buy a VHF/UHF set.

HOW TO GET INSTALLATION AND REPAIR SERVICE . . . SERVICE CONTRACTS

Wards will provide fine, expert service for your Airline Television Set through its Mail Order Houses, Retail Stores and Catalog Offices.

If You Live Within The Service Area Of A Ward Retail Store or Catalog Office selling and servicing television you may apply to the local Ward branch for antenna installation service; home installation and adjustment of your television set; Wards 90-day or one-year service contracts; and for rates for these services. (see Pages 954 and 955 of this catalog to find out which Montgomery Ward Stores sell Television.) If you are located within 25 miles of a Ward store, you are likely to be within the service area. If in doubt write your nearest Ward Mail Order House.

If You Do Not Live Within A Service Area (defined above) you will need to obtain service from your local TV repair shop at your own expense; or you may ship the set to your nearest Ward Mail Order House by prepaid Express. The set will be repaired at prevailing rates. (If it needs repair during the first 90 days after purchase, there will be no charge for this service. Sets will not be repaired free of charge in your home). Within one year from date of purchase, Wards will prepay return transportation.

WHAT ARE TRANSISTORS?

Transistors are tiny electronic devices (about the size of a pencil eraser) that perform all the functions of radio tubes. They have been used extensively by the Armed Forces and have stood up under the most severe conditions.

In a portable radio, Transistors mean real battery economy. They use very little current; this means smaller, less expensive batteries and a far longer battery life. The Transistorized portables above play for 100 hours or more on one 95c battery. Because of the size of the Transistors and the batteries these new portables are much smaller but have the range and the power of larger sets.

Because Transistors have no filaments to burn out and no glass tubes to break they have an almost unlimited life.

Nationally-Known Geiger Counters

Popular nationally-known equipment for detecting uranium and other radioactive ores. Made by Precision Radiation Instruments, Inc., and Atomic Research Corp. Precision models 106C, 107C, 111, 111B, 115B,117B shipped promptly, Prepaid from Los Angeles, Calif. Raytonic models 22A, 23A, 36A, 310A, 201A, 231A shipped promptly, Prepaid from Colorado Springs, Colo. Write nearest Wards Mail Order house for prices, information on other models. Replacement batteries Page 556.

A PRECISION "SNOOPER" MODEL 108. Clicks in headphones indicate radioactivity. Plastic case 3x5x1½ in. thick. We recommend other Geiger Counters for serious prospectors. With earphones, batteries. *Postpaid.*

62 CP 3529 M—$3 Down, $5 Mo.....Cash $29.95

B PRECISION "LUCKY STRIKE" MODEL 106C. Indicates radioactivity with neon flasher, meter and headphones. Meter ranges: .2, 2 and 20 MR/HR. Simple calibration control. Automatic voltage regulator. Case size: 3⅝ by 4⅝ by 7⅜ in. Weighs 5 lbs. Carrying strap. With earphones, batteries. $10 Down, $9 Monthly on Terms.

62 CP 3541F—*Shipped Prepaid*.....Cash $99.50

C "PROFESSIONAL" MODEL 107C. Precision's most popular model. "Percent Meter" tells percent of uranium at a glance. 90% accuracy, meets A.E.C. standards. Directional hand probe with 3-ft. cable—has Geiger tube with sliding shield for discriminating between betas and gammas. Automatic voltage regulator circuit. Leather case, strap. Indicates radioactivity with neon flasher, meter and headphones. Meter ranges: .04, .2, 2 and 20 MR/HR full scale. Calibration control. Calibrated radioactive sample for field calibration. Size: 3⅝ by 4⅝ by 7⅜ in. Wt. 6½ lbs. With earphones, batteries.

62 CP 3540 F—*Prepaid*. $15 Down, $10 Mo...Cash $149.50

D "SPECIAL SCINTILLATOR" MODEL 117B. About 60 times as sensitive as any one-tube Geiger Counter. 95% accuracy on all meter ranges except 5 MR/HR range. Neon flasher. Meter ranges: .025, .05, .25, .5, 2.5 and 5 MR/HR. Detecting element is 1 by ½-in. sodium iodide crystal coupled with photomultiplier tubes. Calibrated radioactive sample for field calibration. Cowhide carrying case with shoulder strap. Size: 4½ by 7 by 7¼ in. Weight 6¾ lbs. With batteries.

62 CP 3543 F—*Prepaid*. $30 Down, $17 Mo. Cash $299.50

E PRECISION "SCINTILLATOR" MODEL 111B. Precision's most popular scintillator—used by many successful prospectors. Meter reads in percent of uranium ore, makes accurate assays. 250 times as sensitive to gamma rays as most sensitive 1-tube Geiger Counter. Use in aerial, mobile and field prospecting. Meter ranges: .025, .05, .25, .5, 2.5 and 5 MR/HR. Extra large 1½-in. diameter sodium iodide crystal with 8-tube "Multi-Mu" circuit. Range and time constant switches. Probe can be removed and held like gun. Leather case. With batteries and calibrated radioactive sample. *Prepaid.*

62 CP 3532 F—$50 Down, $22 Monthly....Cash $495.00

62 CP 3545 F—PRECISION SCINTILLATOR MODEL 111. Same as Model 111B, but with 1-in. diameter crystal; 100 times as sensitive. With batteries. *Prepaid.*

$40 Down, $18 Monthly.....Cash $399.50

F PRECISION "SUPER SCINTILLATOR" MODEL 115B. Designed specifically for airborne and automobile surveys. Basically the same as Model 111B, but with added features: 4½-in. panel-mounted meter reads in percent of uranium; extra meter mounted for field use; extra time constant switch provides extra fast response at high vehicle speed. Calibrated radioactive sample for assays. Case: 11 by 14½ by 5 in. Weight 16 lbs. With batteries. $60 Down, $27 Monthly on Wards Monthly Payment Terms, see Inside Back Cover for complete details.

62 CP 3544 F—*Prepaid*.....Cash $595.00

G RAYTOMIC ARC 22A GEIGER COUNTER. Two Bismuth tubes provide 4 times the sensitivity of regular 1-tube Geiger counters. 2-color meter reads in MR/HR and CPM's. Fast-acting zero button returns needle to zero instantly. Voltage regulator circuit. Two time constants: 2½ and 8 sec. Meter ranges: .03, .3 and 3 MH/HR and 0–400, 0–4000, 0–40,000 CPM. Size: 3½ by 4½ by 7¾ in. Leather strap, earphone. With batteries. $15 Down, $10 Monthly on Terms.

62 CP 3521F—*Postpaid*.....Cash $149.95

62 CP 3522 F—RAYTOMIC ARC 23A GEIGER COUNTER. Same as above, but with 3 Bismuth tubes for 50% greater sensitivity. Meter ranges: .03, .3 and 3 MR/HR; 0–600, 0–6000, 0–60,000 CPM. $17 Down, $11 Monthly.....Cash $164.95

H RAYTOMIC ARC 36A GEIGER COUNTER. Extremely dependable, rugged. 6 Bismuth tubes provide unusual sensitivity for field, mobile and airborne prospecting. Bank of tubes shown on bottom of case, is removable for fastening on ball-socket mounting included for airplane and auto use. Gives instantaneous accurate measurement of radioactivity, directional pick-up. Other features: range switch in handle turns by thumb; variable time constant from 1 to 10 sec.; rapid zero button returns needle to zero instantly; battery test switch. 2-color meter with ranges: .03, .3, 3 MR/HR and 0–1200, 0–12,000, 0–120,000 CPM. Voltage regulator circuit. Size: 3⅝ by 4 1/16 by 8 9/16 in. With earphone, leather case, strap, batteries.

62 CP 3517 F—*Prepaid*. $43 Down, $19 Mo. .Cash $429.50

62 CP 3518 F—RAYTOMIC ARC 310A GEIGER COUNTER. Same as above, but with bank of 10 Bismuth tubes for maximum sensitivity. Meter ranges: .03, .3, 3 MR/HR, corresponding to 0–2000, 0–20,000, 0–200,000 CPM. $49 Down, $22 Monthly, 24 Months to Pay on Terms.....Cash $489.50

LIGHT PERMABRITE OVEN INTERIOR — on (A) (B) and (E), opposite page.

WARDS ELECTRIC RANGES, like our Gas Ranges, are precision engineered to Wards exacting specifications; laboratory tested for fine performance and durability. They combine clean, fast, cool cooking with the added convenience and efficiency of automatic controls.

All Ranges, regardless of price, have these Basic Features:

7-SPEED MICROTUBE CHROMOLOX TOP UNITS heat and cool rapidly. They give tailored heat for any cooking need from "constant simmer" with no heat fluctuation to a high intense heat. With the 7 speeds you can turn on the right heating area for any utensil. Control knobs for top units are conveniently marked "Front" and "Rear."

SEPARATE BAKE AND BROIL UNITS IN OVEN are removable. Thermostat accurately maintains steady heat at set temperature. Fully porcelained oven interior has rounded corners for easy cleaning. Two rust resistant non-tilt racks are chrome plated. Fast, smokeless broiler unit in oven at convenient height. Adjustable porcelained pan and grid. Fiberglas oven insulation on all six sides, insures minimum escape of heat into kitchen; even baking and broiling.

WHITE TITANIUM PORCELAIN ENAMEL FINISH on all exterior surfaces is easy to clean, highly resistant to food acids and stains. Bright, chromed handles. Heavy rigid steel frame. Scuff-resistant base, conveniently recessed for toeroom. All metal parts treated to resist rust.

APPROVED BY UNDERWRITERS' LABORATORIES, INC. For 3-wire, 220–240 volt 60 cycle AC only. Experienced service man should install. Easily attached Range Connector listed and sold below.

WARDS SUPREME AND DELUXE RANGES FEATURE MANY CONVENIENT EXTRAS 259.95, 219.95, 179.95

(A)(B)(C) Besides features above, the Supreme and two Deluxe Ranges have handsome Copper Color and Chromed Backguard that includes Lamp, Clock, Minute-Timer, Outlet and Signal Lights described below.

CONCEALED FLUORESCENT FULL LENGTH LAMP that lights entire cooktop.

AUTOMATIC ELECTRIC CLOCK that combines kitchen clock and a timer that controls oven—turns oven "Off" or "On-and-Off" any time set on dial. Simply prepare a meal, put it in the oven, set the dial and forget it—you may even leave home—your meal will be cooking while you are away.

MINUTE-TIMER rings reminder bell at any time set from 3 to 60 minutes.

ELECTRICAL OUTLET for small appliances—coffee-maker, toaster, grill etc.

SIGNAL LIGHTS INDICATE WHEN ANY TOP OR OVEN unit is turned on.

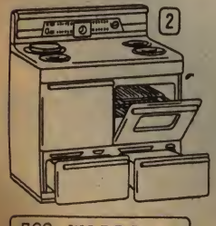
HINGED MICROTUBE CHROMOLOX 7-SPEED UNITS lift for easy cleaning of removable drip bowls that are extra deep and have high protective lips.

AUTOMATIC PREHEAT saves time in bringing oven to desired temperature.

CONVENIENT LIGHT IN OVEN—read description with individual ranges.

(A)(B) PERMABRITE OVEN INTERIOR—see Small View (1) above. Light stippled porcelain enamel finish provides better and more even heat radiation than the dark gray interior found in most standard range ovens.

(A)(C) OVEN WINDOW allows you to see baking progress without opening door. Double glass, vacuum sealed—fumes, dirt and moisture can't get in.



(A) SUPREME 40-INCH RANGE WITH PUSHBUTTON CONTROLS. Each top unit controlled by 7 switches—push a button, unit heats instantly to selected cooking speed. Separate switches and Clock-Timer control oven, deepwell and outlet. Shield on lamp is also condiment shelf.

6-QUART 1250-WATT DEEPWELL COOKER raises easily to convert to 4th top unit. One giant 2100-watt and two 1500-watt top units. Individual drip bowls plus concealed easy-to-clean drip tray under entire top.

PERMABRITE OVEN INTERIOR. 17½x20x14-inch high oven with window. Interior light goes on automatically when door is opened; also has manual switch. 2500-watt bake and 2700-watt broil unit. Oven rack supports are removable, making entire interior easy to clean. Preheat setting. Two large drawers at bottom—see sketch (2).

WARMING OVEN has separate 250-watt unit with "On-Off" switch.

FLUORESCENT LAMP, Clock-Timer, Minute-Timer, Electrical Outlet and Signal Lights on backguard. One piece divided cooktop: 22x40 in. wide, 36 in. high; entire height 45½ inches. Ship. wt. 285 lbs.
68 C 3027 R—$10 Down and $12.50 Monthly. See Page 555; Cash $259.95

VENTED GAS CIRCULATING HEATERS 26.95 TO 52.95

(A) Keep your entire home comfortably warm with a Ward vented Gas Heater. Heating with gas is clean, economical and eliminates fuel storage problem. Smartly styled compact steel cabinet has a glossy, durable porcelain enamel finish—cannot fade or burn off. Rich Mahogany color with contrasting beige picture frame front grill.

EFFICIENT CAST-IRON BURNERS: large raised gas ports insure proper combustion and uniform burning. Seam-welded multiple inner units are fume tight, engineered to prevent heat loss. Heat circulates through top and front grills.

CONSTANT PILOT AND PRESSURE REGULATOR on Natural-Mixed Gas models eliminate use of matches, compensate for gas pressure fluctuation. Automatic Safety-Pilot on LP models gives same convenience as Constant Pilot; also shuts off gas if pilot goes out. For fully automatic heat order a control listed below. All 3 sizes 15 in. deep, 25 in. high; take ½-in. gas connection. For stovepipe see NOTICE, Page 961.

Wards New 1956 Tru-Cold Upright and Chest Freezers

BUY ON WARDS SPECIAL APPLIANCE TERMS...$10 DOWN, 24 MONTHS TO PAY

1 CLOSED-DOOR VIEW OF UPRIGHT FREEZERS

NEW IMPROVED TRU-COLD FREEZERS are made exclusively for Wards by a leading appliance manufacturer. (Other nationally known freezers of same quality and capacity sell at retail for $50 to $100 more than Wards.) Each has many added features —new super-dense glass fiber insulation, full color interiors, additional baskets, shelves, etc. Built to Wards exacting standards; laboratory-tested for durability and efficiency. All have the following basic features:

PASTEL YELLOW INTERIOR AND GLEAMING WHITE EXTERIOR of rustproofed steel cabinet are finished in two coats of baked-on enamel—easy to clean; highly resistant to stains and acids. Coppertone and Chromed metal trim inside and out.

SCIENTIFICALLY ENGINEERED so that exterior of cabinet never sweats even in most humid weather. Temperature adjusts from zero "storage setting" to 10° below. Hermetically sealed freezing unit is permanently oiled; moisture and dirt can't get in. Odorless, non-toxic Freon refrigerant. Precision-built for quiet operation and trouble-free performance. Fully assembled and ready to plug in—no installation expense. For 110–120 volt 60 cycle AC. UL Approved.

5-YEAR GUARANTEE—any time within 5 years Wards will replace or repair any entire freezing unit inoperative due to defective materials or workmanship. 1-year on all other parts. Service, repair parts always available — see details, Page 958.

UPRIGHTS 339.95 AND 289.95

A convenient Upright Freezer requires little more floor space than an 11-cu. ft. refrigerator —less than one square yard—even a small kitchen will have room for this compact unit.

MAXIMUM FREEZING AREA. Super-freeze C-shape compartment at top. Two fast-freeze shelves have solid surfaces with concealed freezing coils—see (2); conveniently spaced so you can arrange packages of all shapes and sizes advantageously. Coppertone shelf edges.

BIG SLIDE-OUT BASKET at bottom for bulky, odd shaped packages, rolls out smoothly on metal guides. Find packages you want without kneeling; take quick inventory without removing all the contents.

PASTEL YELLOW INTERIORS. One-piece molded pastel door interior —color goes clear through; can't wear off. Four full-width shelves; bottom three deep enough for you to store 36 ten-oz. frozen food packages on end with labels conveniently showing. Four easy-drop-out frozen juice dispensers hold 20 six-oz. cans. Coppertone trim.

FULL-LENGTH DOOR HAS ROLLER BEARING HINGES to support a heavy load; yellow balloon rubber gasket and trigger latch insure positive seal—see Closed Door (1) showing handsome coppertone nameband, large horizontal chromed handle — matches Refrigerators, following pages. Leg levelers adjust to keep cabinet level.

(A) 16-CU. FT. CAPACITY—$21.25 per cu. ft. Holds 560 lbs. C-shape, two fast-freeze shelves. Shallow rack, large bottom basket and pastry tray all slide out. Size overall: 31½x34¾ in. deep, 61½ in. high.
69 C 2166 R—Ship. wt. 415 lbs. $10 Down, $16.50 Mo.; Cash $339.95

12-CU. FT. CAPACITY (not shown). $24.16 per cu. ft. Holds 420 lbs. Like (A) but smaller. C-shape, two fast-freeze shelves. Large bottom basket, pastry tray slide out—no shallow rack. Door arrangement like (A). Size overall: 31½x27¼ in. deep, 61 in. high.
69 C 2126 R—Ship. wt. 337 lbs. $10 Down, $13.50 Mo.; Cash $289.95

THREE CHEST FREEZERS . . . CHOOSE THE SIZE THAT BEST SUITS YOUR NEEDS 224.95 TO 389.95

WARDS NEW TRU-COLD CHEST FREEZERS have increased storage capacity, because new improved super-dense insulation is used—see View (4). All 36 inches high—same height as ranges and most counter tops to give your kitchen a pleasing co-ordinated look. All Chest Freezers will go through 27-in. opening with handle and hinges removed.

SPECIAL COMPARTMENT in each for extra fast freezing.

POSITIVE LID SEAL. Big rubber gasket and breaker strip provide positive seal so cold stays in freezer, can't seep out. Self-aligning lid lifts gently, floats to full open position, leaving both hands free. Interior light goes on when lid is lifted. Large easy-grip handle with built-in lock has handsome chromed nameplate, coppertone trim—two keys included for your convenience—see Small View (7).

INTERIOR ARRANGEMENT of movable baskets and dividers gives fingertip selection—see (5); also shows fast-freezing compartment. Baskets slide across top so food stored in the bottom of freezer can be reached easily.

PASTEL YELLOW INTERIOR; harmonizing coppertone trim.

WARNING LIGHT on front of chest gives a constant check on the operation of your freezer—see View (6). It glows continually while freezer interior is at safe storage temperature. When this light is out, you are warned either that the electrical power has gone off or that the interior temperature has risen above normal. When the power is restored the signal light will glow again, but not until freezer temperature has fallen to "safe storage" point—safeguarding your perishable goods.

21.7 CU. FT. TRU-COLD CHEST FREEZER 389.95 . . . at a New Low Price of $17.97 per cu. ft.

(B) WARDS LARGEST TRU-COLD CHEST—21.7 cu. ft. For extra large families, farms, boarding houses etc. Stores and freezes 760 lbs. of food. Two compartments—one for fast freezing. Large compartment holds three movable metal dividers and convenient attached tip-up basket with clip-on lid to hold it in upright position permitting easy access to food below. One large utility basket, two sets of nested baskets and shallow pastry tray with handles. 31½ in. wide, 36 in. high, 76¼ in. long. $19 Mo.
69 C 2226 R—Ship. wt. 545 lbs. $10 Down. . . . Cash $389.95

14.7-CU. FT. FREEZER 319.95 Only $21.77 per cu. ft.

(Not shown). Large family size chest. Stores and freezes 515 lbs. of food. Two compartments—one for fast freezing. Large compartment holds two movable dividers; attached tip-up basket, shown, described on (B). 1 large utility, 2 sets nested baskets. 31½x36 in. high. 55½ in. long. $14.50 Mo.
69 C 2156 R—Ship. wt. 415 lbs. $10 Down . . . Cash $319.95

8.8-CU. FT. FREEZER 224.95 Only $25.56 per cu. ft.

(Not shown). Compact chest, convenient where space is limited, yet holds 308 lbs. of food. Two compartments—one for fast freezing. 2 large utility baskets—no dividers, no tip-up tray, no nested baskets, no pastry tray. 31½ in. wide, 36 in. high, 38 in. long. Ship. wt. 308 lbs.
69 C 296 R—$10 Down, $11 Mo.—Page 555; Cash $224.95

2 (2) CUTAWAY VIEW OF FLAT FREEZING SHELF on Upright Freezers. Concealed coils bring intense cold in direct contact with the foods being frozen, insuring rapid freezing, safe storage. Provide proper air circulation at zero and subzero temperatures throughout the entire freezer.

3 (3) C-SHAPE FAST FREEZING COMPARTMENT in the top of Upright Freezers—notice how compactly food can be arranged during process of Freezing. Intense cold in the one-piece freezing element envelops food on three sides.

(4) SUPER-DENSE GLASS FIBER INSULATION that enables Wards to provide you with more storage area within Chest Freezer.

(5) CUTAWAY INTERIOR VIEW OF CHEST FREEZERS showing fast freezing compartment (the hermetically sealed freezing unit is under compartment).

(6) WARNING LIGHT on Front of Chest Freezers glows continually when Freezer is at safe storage temperature, goes out if current is off or the interior temperature rises above normal. Gives you constant check on the operation of your freezer.

(7) LARGE, HEAVY TUMBLER LOCK built right into chromed easy-grip handle; two keys are included.

TWO SEPARATE APPLIANCES IN LARGE 10.2 CU. FT. CABINET

FOOD FREEZER UNIT FREEZES AND STORES UP TO 64 LBS. OF FOOD . . . . . COMPLETELY AUTOMATIC DEFROST IN REFRIGERATOR

1

Closed Door View of (A) and (D), opposite page.

Ⓐ SUPREME TRU-COLD. Beautifully styled Cabinet has two separate units. "ZERO-COLD" FREEZER COMPARTMENT freezes and stores food like a separate Home Freezer. Maintains constant temperature, even when refrigerator is defrosting. Keeps as much as 64 lbs. of frozen food at ideal freezer temperature. Fully insulated with Fiberglas on all six sides. 3 copper-tone anodized aluminum 14-cube ice trays on aluminum shelves—handy levers release trays and cubes. Side opening aluminum door.

REFRIGERATOR COMPARTMENT has 8.4 cu. ft. of moist-cold refrigeration capacity. Defrosts automatically—no button to push, no clock to set, no pan to empty—completely eliminates one of the most irksome chores for the home maker. Defrost water drains into tray under cabinet, where heat from compressor evaporates it. Moist-cold air keeps food fresh over a long period of time—even vegetables and fruit may be stored in open dishes for several days without harm. Automatic temperature-control dial; interior light goes on when door is opened. Colorful 48-page "Cold Cooking" book included.

RUSTPROOF ALUMINUM SHELVES—13.6 sq. ft. shelf space. Two bottom shelves smoothly roll all the way out on Nylon rollers—so you easily reach food stored in back of shelf. Two small quarter-width shelves let down for storage of bulky items, tall bottles etc. One full-width removable shelf below.

PORTABLE TWIN CRISPERS are exceptionally strong high-impact plastic; keep 32.7 quarts fruit and vegetables fresh. Ribbed glass covers.

FULL LENGTH HEAVY GAUGE STEEL DOOR has one-piece molded interior—pastel color goes clear through; can't wear off. Lots of storage space—top racks hold 18 eggs; sliding door Cheese Keeper and Butter Conditioner (has plastic dish for ¼ lb. butter plus space for full pound); 4 full width shelves for condiments, beverages etc. Coppertone metal front guards.

HERMETICALLY SEALED REFRIGERATION SYSTEM—dirt and moisture can't get in—is permanently oiled. Entire Sealed System guaranteed for 5 years against becoming inoperative due to defective materials or workmanship; 1 year on all other parts. 110–120 volt 60 cycle AC. UL Approved.

PASTEL YELLOW INTERIOR is titanium porcelain enamel—easy to clean—acid and stain resistant. Coppertone and White trim. Big Vinyl gasket, giving positive door seal, is matching yellow. Rust-proofed steel cabinet has exterior finish of two coats white baked-on Dupont Dulux enamel. Wide coppertone nameband, heavy chromed handle—see Closed Door View (1). Fully insulated throughout. 30¾ in. wide, 27¼ in. deep, 59¼ in. high. Repair parts and service always available—Page 958. Ship. wt. 334 lbs.

Wards Tru-Cold Refrigerators

MODERN STYLES, PASTEL YELLOW INTERIORS

WARDS NEW TRU-COLD REFRIGERATORS are planned for modern kitchen efficiency with many new 1956 added features—full color interiors, molded door interiors, additional shelf space in both cabinets and doors. Compare Wards with other nationally known refrigerators for quality, beauty and practical conveniences. Check for yourself—a Ward refrigerator gives you more for your money.

TRU-COLD REFRIGERATORS meet the high quality, exacting specifications of Wards Bureau of Standards; are laboratory tested for durability and efficient performance. Each has these basic features:

PASTEL YELLOW INTERIOR is titanium porcelain enamel with coppertone and white trim. One-piece molded solid color door interior—yellow color goes all the way through—can't wear off. Yellow balloon-type vinyl gasket insures positive door seal; keeps cold in, heat out. Rustproofed steel cabinet has exterior finish of two coats white baked-on Dupont Dulux enamel. Smart, clean styling and gleaming white finish will fit into any kitchen color scheme. Attractive appearance is enhanced by a handsome coppertone name-band and heavy chromed handle—see Closed Door Views (1) and (2), opposite page. Leg levelers are included so refrigerator will stand level even on a warped floor.

FULL WIDTH FREEZER CHEST enables you to store large amounts of frozen food, to make delicious frozen desserts etc. "Cold Cooking", colorful 48-page recipe book included. Coppertone anozinc finished aluminum ice trays hold 14 cubes each—plastic trays in (E). Portable Crispers on (C) (D) keep fruit and vegetables fresh. Ribbed glass cover holds moisture in—also serves as additional shelf.

3-INCH THERMEX INSULATION in all sides of cabinet; 2½ inches in door. Interior light with plastic shield goes on automatically when door is opened. Snap action latch seals door tightly. Conveniently located 8-position temperature control is at top of cabinet on (C), (D); under Meat-Keeper tray on (E).

HERMETICALLY SEALED REFRIGERATOR UNIT—dirt and moisture can't get in—is permanently lubricated. Precision engineered for quiet operation and trouble-free service. Fully assembled and ready to plug in—no installation problem or expense. For use with 110–120 volt, 60 cycle AC only. UL Approved.

WARDS 5-YEAR GUARANTEE—any time within 5 years of delivery we will replace or repair free of charge any entire Refrigerator Unit that becomes inoperative due to defective materials or workmanship—1-Year Guarantee on all other parts. Service and Repair parts are always available at any Ward Mail Order House, Retail Store or Catalog Office—see Page 958 for complete details on ordering.

Wards Best...New Supreme Automatic Laundry Twins

CONVENIENT TO BUY; ONLY $5 OR $10 DOWN, 24 MONTHS TO PAY

FREE SAMPLE OF *ALL*

Look for the free sample of "All" Detergent in your new Wardamatic. There's enough for several large family washes. "All" is an efficient controlled-suds detergent especially developed for automatic washers. "All" detergent has been tested and approved by Wards Laboratories.

You get brilliant, new styling and extra conveniences in Wards Best and Better Automatic Washers and dryers (Good Quality on Page 576). Designed and engineered to get your laundry cleaner and brighter, faster and easier. Tested and proven in Wards Laboratories. Built to meet Wards exacting standards. These Quality Controls are your assurance of outstanding values.

YOU CAN INSTALL YOUR NEW WARDAMATIC AND WARDRIER. All you need are hot and cold water outlets with standard hose thread, a drain and a 110–120 volt outlet located at a handy distance. No special plumbing is needed. For the Wardrier you need a 220–240-volt line or a gas outlet depending on which dryer you buy. Easy-to-install venting kits are available on the opposite page if you plan to install your dryer in a confined area. You can install a Wardamatic or Wardrier any place where you have the necessary power and water connections, even on a second floor—no bolting down or special flooring are needed since the Wardamatic and the Wardrier operate smoothly without vibration. A 30-gal. gas, or a 50-gal. electric water heater will supply adequate hot water for the Wardamatic.

Whether you buy the Good, the Better or the Best Wardamatic or Wardrier you are assured of an outstanding value, backed by Wards years of experience in the laundry appliance field.

NEW BEST QUALITY WARDAMATIC WASHER . . . OUR NEWEST AND FINEST 244.95

(A) Completely automatic, does a big 8-9 lbs. washing in only 30 minutes. A real time and work-saver. Lighted control panel has embossed copper-color trim.

FLEXIBLE TIMER. Lets you stop, skip, shorten or lengthen washing cycle. Soak clothes automatically up to 20 min. before washing. Washing cycle includes: Initial fill; agitated wash period (adjustable from 1 to 10 min.); two 2-gal. spray rinses (½-min. each); agitated deep rinse (2-min.); deep agitated over-flow rinse (2-min.); and spin dry (6-min.) that leaves clothes damp-dry.

PUSH-BUTTON CONTROLS: Push button to select Warm, Medium or Hot thermostatically controlled water temperatures. On-Off buttons operate "Thrifti-Sudser" that is listed on opposite page. Handy Buttons turn control panel light on or off. Operate Safety Reset for out-of-balance loads.

SELECT-A-FILL. Set for ⅓, ⅔ or normal. Uses exact amount of water needed for washing and rinsing.

FIBERGLAS TUB AND 6-VANE SWIRLATOR: Fiberglas tub is stain and dye resistant, can't chip or rust. Guaranteed for 5 years. Double-wall construction insulates, holds heat in, keeps water hot. Cast-aluminum 6-vane Swirlator gives tried and proven agitator action, provides surging water currents for thorough but gentle washing and rinsing.

OVER-FLOW RINSING: Rinse water flows out top of tub, over the clothes, does not drain through them, leaves clothes clean and fresh.

THRIFTI-SUDSER: Available for Best Wardamatic, saves detergent and hot water. (Order on opp. page.)

WARDS EXCLUSIVE "FLOATING ACTION" assures vibration-free, quiet operation because coil springs and rubber-mounted hangers hold mechanism suspended and absorb vibration. Sealed transmission never needs oiling. Washer is powered by ⅓-HP electric motor. For 110–120 volts, AC. UL Approved.

Cabinet is 36 in. high, 27 in. wide, 28 in. deep. Designed for flush-to wall installation.

FREE SAMPLE OF *"ALL"*

Look for the free sample of "All" Detergent in your new Wardamatic. There's enough for several large family washes. "All" is an efficient controlled-suds detergent especially developed for automatic washers. "All" detergent has been tested and approved by Wards Laboratories for use in Wardamatics.

BETTER QUALITY WARDAMATIC WASHER 199.95

(C) Large 8-9 lbs. dry clothes capacity. Gets clothes really clean. Entire wash operation averages only ½-hr. Changes "Washday" to "Wash Minutes".

WASHING CYCLE IS COMPLETELY AUTOMATIC. Includes: initial fill; agitated wash period (1–10 min.); two 2-gal. spray rinses (½-min. each); agitated deep rinse (2-min.); deep agitated over-flow rinse (2-min.) and spin-dry (6-min.) that leaves clothes damp-dry. Conveniently placed controls on back of top panel, safely out of childrens' reach, easy to read.

FLEXIBLE TIMER. You can stop, skip, shorten or lengthen wash cycle as desired to gently wash delicate fabrics or to drive dirt out of soiled clothing.

SELECT-A-FILL is built into timer—controls water fill setting for ⅓, ⅔ or normal loads. Use only exact amount of water needed.

PUSHBUTTON CONTROLS. Push button for: Choice of Hot or Warm Water Temperature. Safety Reset Control for out of balance loads. Suds Cycle Control if washer is equipped with "Thrifti-Sudser" listed below (you can use the same wash water for several loads, saves hot water and detergent.)

DURABLE MOLDED FIBERGLAS TUB is stain and dye resistant, can't chip or rust. Double-wall insulated construction holds heat in, keeps water hot.

SWIRLATOR. 6-vane agitator has same proven design as aluminum Swirlator on Best Wardamatic—provides surging water currents for thorough but gentle laundering. Made of high-impact plastic.

"FLOATING ACTION" assures vibration-free, quiet operation. Coil springs and rubber-mounted hangers hold mechanism suspended and absorb vibration.

Transmission sealed for trouble-free operation, never needs oiling or greasing. Rugged dependable ⅓-HP motor for 110–120 volt AC operation. UL Approved. Cabinet is 36 in. high, 27 in. wide and 28 in. deep. Designed for flush to wall installation. Recessed "Toe-room" base. Clothes load from top at convenient table top height.

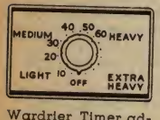
Wards Good Quality Laundry Twins; Only $5 Down

GOOD QUALITY WARDAMATIC AND WARDRIER . . . SAVES HOURS OF WASHDAY DRUDGERY . . . ONLY $5 Down 24 Months to Pay.

Wardamatic Control With Select-A-Fill.

Free yourself from washday drudgery and enjoy added hours of leisure. Wards Laundry Twins are low priced, yet you get all the advantages of automatic laundering—sparkling clean washes and sun-fresh drying without carrying and lifting of heavy wet clothes. You can install the Wardamatic and Wardrier anywhere in your home—kitchen, utility room, basement, even on second floor—no bolting down or special flooring is needed since both machines operate smoothly without vibration. Washer and dryer are matched in appearance, size and capacity—washer and dryer loads are equal. Modern exterior design with standard 36-in. counter-top height. Steel cabinets are bonderized to resist rust, triple coated with enamel. Easy-to-use controls (see sketch at left) are conveniently located on top rear of machine, safely out of reach of children, easy to read. Flexible timing on washer and dryer shortens or lengthens time for type of washing or drying you need. Size 36 in. high, 27 in. wide, 28 in. deep. Both are UL Approved.



Wardrier Timer adjusts up to 90 min.

GUARANTEE AND SERVICE: Within one year from delivery, Wards will replace, without charge any parts found defective in material or workmanship. Fiberglas tub and sealed transmission on washers guaranteed an additional 4 years.

GOOD QUALITY WARDAMATIC WASHER 159.95

(A) Large 8–9 lbs. dry clothes capacity. Swirlator Agitator washes really clean. After 2 thorough spray rinses and agitated deep rinse in warm water, overflow rinse floats dirt out of clothes. Entire wash-rinse operation averages only 30 minutes. Easy top loading of clothes at table-top height. Durable, non-corrosive Fiberglas tub, can't chip or rust.

WASHING CYCLE IS COMPLETELY AUTOMATIC. Includes initial fill; agitated wash period (1–10 min.); two 2-gal. spray rinses (½ min. each); agitated deep rinse (2 min.) and spin-dry (6 min.) that leaves clothes damp dry. Wards "Select-A-Fill" is built into timer—controls water fill setting for ⅓, ⅔ or normal loads. Use only the exact amount of water needed. Durable Fiberglas tub is stain and dye resistant, can't chip or rust. Double-Wall construction insulates, keeps water hot.

4-VANE, HIGH-IMPACT, PLASTIC SWIRLATOR made especially to Wards specifications. Gives tried and proven agitator action for cleaner, brighter washes; provides surging water currents for thorough yet gentle cleansing.

FLOATING ACTION assures smooth, vibration-free, quiet operation because coil springs and rubber-mounted hangers hold mechanism suspended and absorb vibration. Needs no fastening down or special flooring.

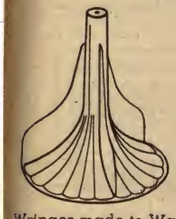
PROTECT YOUR AUTOMATIC OR WRINGER WASHER AND DRYER FROM DIRT AND DUST—SEE PLASTIC COVERS ON PAGE 657

Wards Full Size, Apartment-Size and Portable Washers

WARDS WRINGER WASHERS ... LATEST DESIGN ... GOOD, BETTER AND BEST QUALITY MODELS 69.95 TO 139.95



Wards Patented Swirlator Agitator (see picture at left) is removable, high center post type; made of non-corrosive, high-impact plastic won't break, or chip under the hardest use. Washes big loads better; creates strong cleansing currents right to load line for quick, thorough dirt removal. Tubs are white porcelain enameled inside and out, rubber mounted to minimize noise. Seal-tite lid keeps water hot. White baked-on enamel finish on skirt, wringer column. 2-in. composition casters. Caster lock brakes hold washer stationary.

Wringer made to Wards specifications by nationally known Lovell Co. Wrings clothes damp-dry, does about 90% of the clothes lifting for you. Swings in complete circle, locks in 8 positions. Rustproofed, forged steel frame. 3-layer rubber rolls give lasting service. If rubber ever loosens from steel, or shaft breaks, roll will be replaced regardless of age. Hard foundation layer binds roll to shaft; thick resilient cushion-like middle layer protects buckles, buttons and zippers; outer tough crepe tread grips clothes better than smooth rolls. Roll pressure adjusts itself for any fabric thickness from sheerest nylons to heavy wool blankets. Easily accessible pressure release bars on wringer free roll pressure instantly. Rustless maple wood wringer bearings outwear metal bearings, never need oiling. Automatic tilting flume channels water to proper tub—keeps floors dry. Sparkling white finish is easy to clean.

Rugged, dependable electric motor—provides full power at maximum load yet operates economically. Mounted in rubber, for quiet vibration-free operation. 110–120 volt AC only. UL Approved.

Auto-Type Transmission gears are precision built; have a minimum of moving parts; sealed in protective oil, never need lubricating.

Automatic Drain Pump with hook nozzle drain hose that hooks over edge of sink and empties washer in just 2 min. (On all washers except H).

Ward Washer Guarantee: Within one year from date of delivery Wards will repair or replace without charge any parts found defective in material or workmanship. Service and Repair Parts always available.

WARDS BEST QUALITY WRING-A-MATIC WASHER 139.95

(F) Our finest washer. Has all the quality features listed above plus: Large 9–10 lbs. dry clothes capacity; Wards Wring-A-Matic wringer with 2¼-inch Balloon Rolls; Automatic Shut-off Timer; 6-vane Swirlator agitator; handsome chromed trim.

WARDS EXCLUSIVE INSTINCTIVE WRING-A-MATIC WRINGER. An instinctive pull of garment or a push or pull on the wringer stops rolls instantly. Safety release bars on each side of wringer releases roll pressure instantly. A single movement of lever resets rolls in operating position. 2½-in. Balloon Rolls wring damp-dry. Adjustable roll pressure. White baked-on enamel and chromed finish on wringer.

FACTS ABOUT WARDS FURNITURE

FABRICS. All tested and approved for quality by Wards Laboratory. Fabrics (6), (8) and (9) are Nylon, a synthetic generally considered the most durable of all upholstery fabrics. Smooth Nylon fibers produce lovely, vibrant colors. Wards tests show Nylon has excellent wearability, strength, dirt-resisting, cleaning qualities and resistance to wrinkles.

All furniture custom-tailored at Factory by skilled craftsmen. Due to differences in dye lots, impossible to control, you are urged to buy all sectional pieces at one time for a perfect color match.

FRAMES. Only select kiln-dried Hardwood is used in Wards frames. All joints are glued, double-dowelled and corner-blocked for extra rigidity and long life. (See detailed diagram below).

Bed-Davenports With Innerspring Mattresses

Wards offer a complete selection of sleeping-lounging furniture—Sofa-Bed, Bed Chairs, Bed-Davenports, Studio Couches and Lounges. All at low, money-saving prices. Each makes an attractive living room piece during the day and opens to form a comfortable bed at night. Your selection will of course depend largely on your needs and the price you wish to pay. Bed-Davenports and Chair Lounges offer the greatest sleeping comfort, because they have an Innerspring Mattress over link-spring base. Also, you do not sleep on the upholstery . . . it stays fresher and lasts longer. For these reasons they cost a little more. They are easily made up—remove cushions, pull out mattress and spring base. Sofa-Beds offer style and utility at a low price. Back lowers automatically to sleeping position. Studio Couches and Lounges provide comfortable sleeping while they double in the daytime as couches with the addition of bolster pillows or slipcovers. Buy your Dual sleeping and lounging furniture on Wards Terms.

Factory shipping saves you money. See Page 970 for details.

Wards Double-Vinyl Coated, Sunfast Awnings Cool and

The most fade-resistant awnings ever sold by Wards! . . . that's what Wards Bureau of Standards found when they put Wards awnings to the 200-hour "Weatherometer" test. In this exacting test they found colors used in Wards awnings and materials are SUN-FAST—will resist weathering and fading much longer than ordinary oil painted awnings.

Wards Army Duck awnings and materials are the Best Quality available. Coated on both sides with Vinyl Organosol plastic, and rot-resistant treated for longer life. Sewn with Orlon thread that is not affected by moisture, sun or mildew. Army Duck awnings have galvanized frames, fittings. Sizes through 8 ft. are *Mailable;* over 8 ft. are *Not Mailable.*

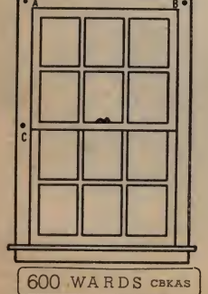
HOW TO MEASURE FOR AWNINGS AND ROLL-UP SHADES



READY-MADE AWNINGS. Sizes listed are approximate size of window from A to B that awnings will fit. Measure from center of casing A to center of casing B on window or porch as shown at left. Order exact or next wider width—if window measures 34 inches from A to B, order 3-ft. size.

MADE-TO-MEASURE AWNINGS. Measure from A to B—order exact width. Measure drop A to C. This should be ½ opening of windows, or of porches with built-up sides. On porches open to floor, drop should be ⅓ height of opening—valance extending below drop. Order exact drop. Projection made same length as drop.

ROLL-UP SHADES. Measure exact width between supports. To fit shade between supports, order next smaller size; to overlap supports, order next larger size.

NOTICE: Awnings fit casing 2 in. wider or narrower than window width of awning listed. Stay within these limits. Awnings and shades are made from 29 or 30-in. material, therefore, in some widths, the seams will not fall in center of awning.

MADE-TO-YOUR MEASURE ARMY DUCK AWNINGS

Deduct 10% from price below if you order before April 15. For recover only (awnings with ropes, pulleys, but without frame) deduct an additional 15% from price and state width, drop, projection and if old awnings have grommets or head rod. Patterns (1) to (6), tailored to fit your windows. 2½-ft. drop or less have 9-in. valance; larger has 12-in. valance. Made with same projection as drop. When ordering intermediate sizes, allow price for next larger. With head rod, frame, fittings. See "How to Measure" below. *State Cat., No., Width, Drop.* No COD's. No returns accepted. Shipped from Factory. See "Ship. Notice" opp. page.

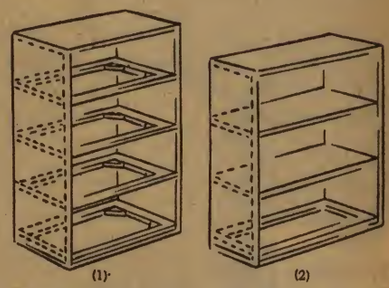
New Styled "Aristo-Bilt" Unpainted Furniture

COORDINATED UNPAINTED FURNITURE FEATURED IN POPULAR HOME FURNISHINGS MAGAZINES

"Aristo-Bilt" . . . the name that means fine quality. Made by one of the leading manufacturers of Unpainted Furniture. Homemaking magic at your finger tips with correlated basic units and easily attached interchangeable bases. Pieces (L) to (CC) on Page 603 are perfectly coordinated with all pieces below. You can achieve almost unlimited arrangements and still be assured of that custom-made look. Possibilities are almost endless. Specially designed so that you can make any space saving groupings, in any room, to fit any decorating scheme. Use the chests below individually or combine them with the bookcases below or cabinets on Page 603. They're all built to fit side by side or are easily stacked for special effects. Set them directly on the floor or choose from the wide selection of bases and legs below. The vanity-desks will help complete any room grouping—either bedroom or living room. The views at bottom of opposite page give only a small sample of what you can do to beautify your home, and at the same time add valuable storage space. Be your own interior decorator and choose from the pieces below and on Page 603 to fit your needs, finishing them to fit your decorating scheme.



(1) (2)

(1) Full framed drawer construction for strength and rigidity.

(2) Drawer frames and shelves dadoed and glued into sides.

EVERY "ARISTO-BILT" PIECE HAS THESE SIX OUTSTANDING QUALITY CONSTRUCTION FEATURES

(1) WOOD. Only the finest, highest grade, clear selected Ponderosa Pine and super grade plywood is used in the construction of "Aristo-Bilt" furniture. Thoroughly kiln-dried to prevent warping. Richly textured, beautifully grained. Each piece is smoothly sanded, ready for you to finish as you choose.

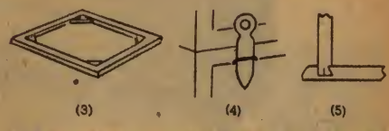
(2) CONSTRUCTION. These pieces have all the fine details of expensive finished furniture. Completely assembled by experienced craftsmen—just attach the bases you choose. Complete full frames, with mortise and tenon construction at points of greatest strain sketch (1). All individual frames and shelves are dadoed and glued into sides for absolute rigidity, sketch (2). Glued corner blocks reinforce drawer frames, sketch (3). Locked joint construction on all drawers, sketch (5). Two side guides on drawers. Sides and backs of extra heavy Ponderosa Pine, bottoms of Plywood. Recessed backs of Plywood hold cases firmly.

(3) DESIGN. Brand new modern styling . . . *first* time sold anywhere. Larger picture frame beveled drawer fronts with new brass finished metal drawer pulls. Brass tips on legs. Sliding doors are newly designed too—louvered effect with wider picture frame beveling. Top drawers designed to resemble two drawers.

(4) SHIPPING. Every piece of "Aristo-Bilt" is packed in an individual carton with special inner packing for added protection. All shipped promptly from Stock. "R" after Cat. No. means shipped by Freight, Truck or Express. "M" and "L" are *Mailable*.

(5) VERSATILITY. Functional correlated multiple unit pieces plus interchangeable bases inspires your personal creative touch. Gives you opportunity for an unlimited choice of decorating schemes even on a limited budget. By using any or all of the coordinated pieces (L) to (CC) on Page 603 and those below, you can achieve a custom-built look for any space, any room, any decoration scheme at prices far below the cost of comparable cabinet work. At the same time you add to your valuable storage space. Now you can design your own furniture, adapt it to your own special needs and finish it to harmonize with your color scheme. Small easy-to-attach metal joiner plates see sketch (4), are provided with each basic unit to keep the individual assembly pieces securely in place without tilting or shifting.

(6) FINISHING. All "Aristo-Bilt" unpainted furniture is smoothly sanded, ready to be finished as you choose. Basic finishing instructions included. See Pages 754 to 761 for finishing needs.



(3) (4) (5)

(3) Each corner of drawer frame is fully reinforced with glued corner blocks for added strength.

(4) Small easy-to-apply metal joiner plates to keep individual assembly pieces securely in place without tilting or shifting.

(5) Sturdy locked joint drawer construction, a fine quality furniture feature of "ARISTO-BILT."

MULTIPLE-UNIT PIECES FOR THAT CUSTOM-LOOK . . . CHESTS 12.95 TO 52.95, HEADBOARD 21.95 54-in.

Available in a variety of widths and heights so you can make attractive groupings in any room. Use them singly, in pairs or combine them with the bookcases below or cabinets on Page 603. All are coordinated to place side by side or stack on top of each other (metal joiner plates, sketch (4) included). Set them directly on the floor or choose legs or bases from the wide selection below. Mirrors for use with chests sold separately on Page 614. View (1) below opposite page, using the Bookcase Headboard, illustrates how you can make an attractive bedroom grouping. Add a Vanity-Desk and vanity mirror for the young girl or use without mirror to make a room complete for your son. View (3) shows how neatly they stack with bookcases and cabinets. *Be sure to read quality features above.*

(1) WOOD. The highest grade clear, fine grain, knot free, Ponderosa Pine is used. Kiln dried to prevent warping. Wardrobe (T) has sturdy plywood sides with solid Hardwood frame. Bench (P) is of solid Hardwood. All other pieces have thick solid wood tops, sides and fronts; warp-resistant plywood backs. Drawers have moth-resistant plywood bottoms. Hardwood drawer pulls.

(2) DESIGN. "Better-Bilt" furniture is especially designed for Wards. All pieces are correlated in design and size to give your home the modern ensemble look. All case pieces have larger drawer fronts with a "picture frame" effect made by beveling outer edge of drawers. All case pieces are 16 in. deep and can be placed side by side in attractive groupings.

(3) FINISH. All pieces are sanded, ready to paint—just unpack and start finishing. Select your own finish, enamel or paint, stain or varnish and other clear finishes. Finishing instructions incl. See unpainted pieces attractively finished on Page 602.

(4) CONSTRUCTION. Fully assembled at factory to permit sturdier construction. Drawers have dovetail construction at front and back. Case pieces are mortised and tenoned at points of strain for durability. Drawers slide easily on side guides. Sturdy wood drawer pulls. Doors have strong metal hinges. Bookcase shelves are firmly grooved into sides; tops are secured at ends by concealed cleats—no nail heads to mar the beauty of the finish.

(5) VERSATILITY. A modern inexpensive way for young married couples to start housekeeping . . . ideal for business girl or bachelor apartments. Use the correlated pieces together to have a built-in custom made look at low cost. May be used in any room. Economically priced for fully assembled furniture of this quality.

(6) SHIPPING. Wardrobe (T) is shipped directly from Factory near Cincinnati, Ohio. Allow 10 days at Factory plus time in transit. Pay Freight from Factory. All other items shipped promptly from Stock by Freight, Truck or Express. (H) is *Mailable*.

QUALITY FEATURES OF WARDS LAMPS ASSURE YOU YEARS OF SERVICE AND SATISFACTION

Lamps on these two pages are outstanding values at their low prices—equipped with features usually found on more expensive lamps. Co-ordinated groups enable you to use the same decorating theme throughout.

ENAMELED AND METAL LAMPS are sprayed with a special colorless lacquer to preserve and protect their fine finish. Never need polishing and are easy to keep clean—just dust with a soft, dry cloth.

THREE-WAY LAMPS have a special switch to control three degrees of light—adjust from a soft, restful light for general illumination, to bright light for close work like reading or sewing. Special bulbs are required for three-way lamps—order correct bulb listed with each lamp.

OPAQUE PAPER PARCHMENT AND METAL SHADES have White interiors for better light reflection. Washable "Fiberglas" and Vinyl plastic shades give soft, diffused light. Bottom shade diameter and overall lamp height are stated—actual sizes may vary slightly.

UL-APPROVED FITTINGS ON EACH LAMP: insulated cord, plug, switches and bulb socket. UL approval is your assurance of safe, dependable operation.

SHIPPING INFORMATION: All except floor lamps *Mailable*. Floor lamps shipped by Freight, Truck or Express. Bulbs not included with lamps—order separately. Standard bulbs sold on Page 802. Special bulbs listed with each three-way lamp. All bulbs *Postpaid*.

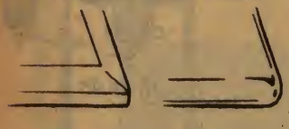
Finest Quality Plate Glass Mirrors...Only 10% Down

DOOR AND WALL MIRRORS IN A VARIETY OF SIZES AND PRICES

FACTS ABOUT MIRRORS. Finest quality mirrors are made of flawless plate glass. Backs are heavily silvered, have a coat of copper to lock in the silver, and a coat of special paint or sealer to prevent flaking. Beveled edges (illustration a) are slanted to add depth and attractiveness to mirrors and give them a more finished look. The best mirrors have deeply beveled edges. Polished edges (illustration b) are not beveled; instead they are ground to a smooth roundness.



10 7.98 TO 22.95

FINEST QUALITY AT LOW PRICES. Wards mirrors are comparable to those sold elsewhere for as much as $7 more. We invite you to shop and compare the quality and prices of other mirrors with those sold on these two pages. We are sure you will find no better value anywhere. Wards mirrors are made of the finest quality Plate Glass only. All backs are heavily silvered, copper plated to prevent streaking, and sealed with metallic sealer coat for added protection against clouding. Surfaces are twin-ground, highly polished, and smoothly finished to give perfect, distortion-free reflection from any angle. Use mirrors to add brightness and interest to every room—buy them at Wards to insure true reflection and lasting beauty. Buy Wards mirrors because they are the finest—at very low prices. *"M" after Catalog Number means Mailable; "R" means shipped by Freight, Truck or Express.*

Finest Quality Dinettes at Substantial Savings

CHOICE OF BLACK AND BRASS OR CHROME AND COPPER

If you are buying a new dinette, at these prices you can afford to buy the best. Finest quality dinettes manufactured by the most distinguished company in dinette furniture. Nationally advertised and currently selling for $30 to $50 more in many retail stores.

Shop around, compare prices and quality—then buy your dinette at Wards and save. Exclusive patented features that prove the superior quality of these dinettes are described below and pictured at right. See the Inside Back Cover for Monthly Terms.

REASONS WHY THESE ARE THE FINEST QUALITY DINETTES

TABLE TOPS are 9 layers of plywood and plastic laminated under tons of pressure to produce a durable plastic top that will resist marring, burns, stains and acids. Patterns are perfectly reproduced and "locked in" to keep their original beauty.

SELF-LEVELING RUBBER-CUSHIONED FLOOR GLIDES anchor chair and table legs at natural angle for greater stability—will not dig into floor, help prevent sliding. See view (1).

STEEL BALL-BEARING SLIDE opens and closes table with gentle pull. Table slide will not stick or bind, operates with smooth, friction-free action. Supports up to 400 lbs. See view (2).

TRIPLE CUSHION FOAM RUBBER SEATS are luxuriously soft yet firm—will not lose their shape or flatten. See view (3).

Completely padded solid 5-ply wood-core chair backs—no framework to loosen. See view (4).

FRAMES made of heavy-gauge, highest quality seamless tubular steel. Heavy Chrome and Nickel plating for lasting beauty. See view (6). Copper, Brass and Black finishes protected with coating of "Epon" Resin to prevent chipping, corrosion. See view (5).

CHAIRS UPHOLSTERED in long-wearing, wrinkle-free plastic. Patterns match or blend attractively with table tops.

PLUS QUALITY FEATURES

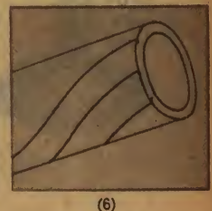
(1) Self-leveling Floor Glides on table and chair legs for greater stability.

(2) Steel Ball-bearing Slide makes table easy to open and close with gentle pull.

(3) Triple-cushion Foam Rubber Seats are comfortably soft yet firm—will not lose their shape.

(4) Solid 5-Ply Wood-core Chair Back completely padded for maximum strength and comfort.

(5) Copper, Brass and Black finishes protected with coating of "Epon" to withstand use and abuse.



(6) Heavy Gauge Seamless Tubular Steel plated with Chrome and Nickel for lasting beauty.

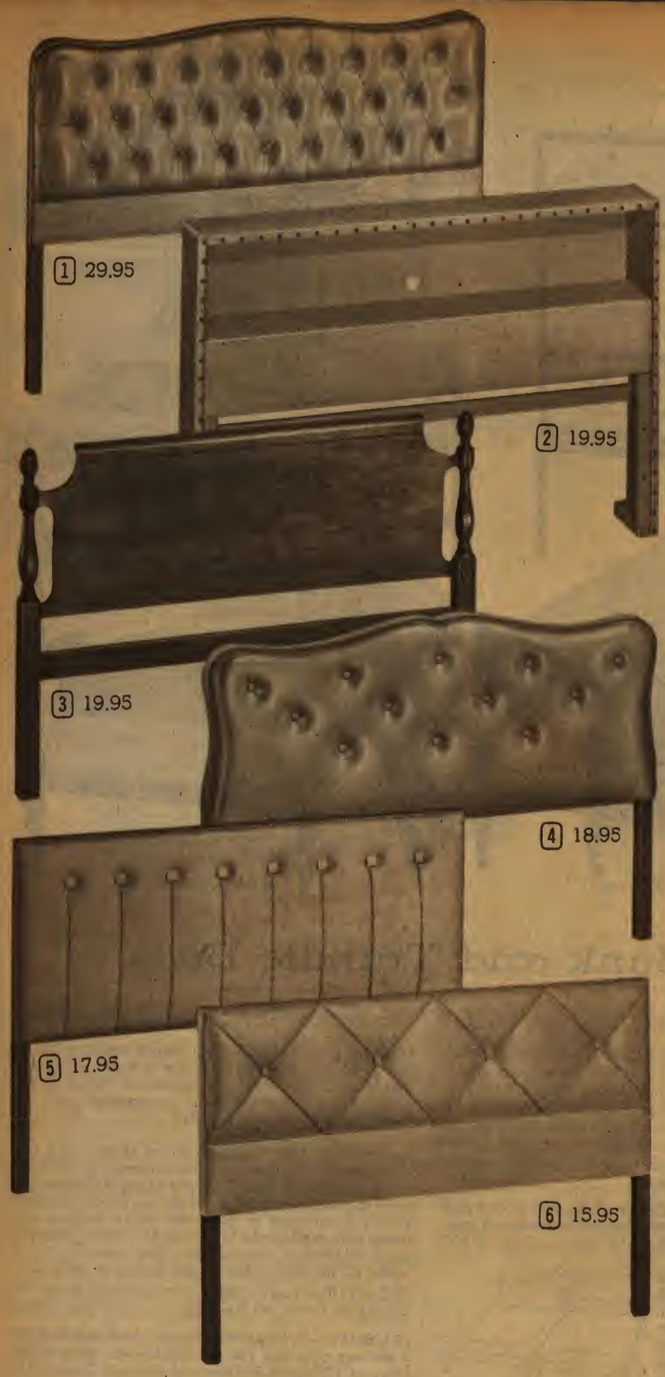
Hollywood Beds, Headboards



MAKE A HOLLYWOOD BED WITH HEADBOARD AND LEGS OR BED FRAME

Hollywood beds are popular because they are so attractive, practical and economical. A Hollywood bed consists of an innerspring mattress and a box spring on legs or on a bed frame, with or without a headboard. Buy a complete Hollywood Twin bed outfit as shown on opposite page, or make up your own twin or double bed outfit from Wards mattresses, box springs, headboards, bed frames and legs. Wards offer you a selection of Headboards that will complement any furnishings.

(A) (B) (C) FINEST QUALITY FOR THE PRICE YOU PAY. The Twin Size Hollywood Beds sold below are outstanding values in four important respects—quality, comfort, economy and style. Buy a complete twin outfit—Mattress, Box Spring, Wood Legs and Headboard; or Mattress and Box Spring alone.

Simmons Beautyrest and Wards Best Innersprings

30-DAY FREE TRIAL, SIMMONS BEAUTYREST 69.50 AND 79.50 Freight Prepaid

(A) NOW WITH "FLOATING ACTION COILS," the latest development in mattress construction. The 837* muslin-pocketed coils are inner-laced at center of coils giving complete freedom of response at top and bottom of each coil. Coils are freer than ever to adjust to each part of your body—bringing necessary firm support to hips—and gentle support to head and legs. Coils are deeply padded with top quality, extra resilient, all new clean white layer-felted cotton to softly cushion the surface. Precision button-tufting keeps surface firm and neat. Screened vents keep interior "air-conditioned" fresh. Handles built into border—can't pull out. Crushproof pre-built borders innerlaced to keep edges firm and non-sagging.

TWO DEGREES OF FIRMNESS—TWO LENGTHS. Choose Standard Beautyrest for normal support, Extra Firm Beautyrest if you need orthopedic support. Extra Firm mattresses have same construction as Standard Beautyrest, except coils are heavier gauge steel. Regular Length is 74 in. long, Extra Length 80 in.

BEAUTIFUL NEW EXTRA DURABLE COVER. Both mattress and box spring covered in heavy, long-wearing Aqua-colored Sateen highlighted by interwoven fine Lurex thread and Black stripe.

SIMMONS BEAUTYREST BOX SPRINGS. Specially designed for use with Beautyrest mattresses—use together for best comfort. Give firm "levelized" foundation, longer life to mattress. All parts precision made. 77* extra-large, deep coils. Built-in platform top and tempered steel bands hold coils securely, assure firmer support—prevent any "coil feel" or sagging. Coils are Latex coated to assure quiet sleep. Stabilizers keep spring in perfect alignment. Strong, reinforced seasoned wood frame. Thick, felted cotton cushioning with smooth top surface for perfect mattress support.

30-DAY FREE TRIAL. Choose the Beautyrest of your preference. After sleeping on it right in your own home for 30 days, if you are not completely satisfied—return it to Wards and receive your money back. The mattress will be returned to Simmons where it will be destroyed according to law.

SIMMONS GUARANTEES BEAUTYREST FOR 10 YEARS. Every Beautyrest mattress is guaranteed for 10 years against defects in material and workmanship. If any such defects occur, Wards will examine and return the mattress to Factory for repair or replacement at no cost to you.

WARDS PAY FREIGHT CHARGES on Beautyrest mattresses and box springs. Standard lengths shipped from Stock. Extra lengths shipped from Factory near Mail Order House; allow 2 weeks plus transit time.

(B) FINEST 294-CONTOUR-COIL CONSTRUCTION. A superb combination of an extra firm innerspring unit and *extra* surface cushioning to provide comfortable, firm support. Because of the large size and efficient design of the coils and because of its special hinged construction, this 294-coil* mattress provides greater firmness, is more resilient and easier to handle than mattresses with twice the number of regular type coils. Special laced edge is firm, yet can be folded back at corners without injury to unit (ideal for contour sheets). Insulated with buoyant, resilient latexed hair. Cushioned with finest White Cotton felt. Pre-built felt-backed vertically stitched border . . . will not sag; laced firmly to spring unit. 8 vents keep mattress fresh. Sturdy plastic handles for turning. Cover is extra heavy 8-oz. Sateen with attractive Tan and Pumpkin woven stripe.

MATCHING BEST QUALITY BOX SPRING has 81* firm hand-tied coils. Coils are deep, extra heavy type.

Wards High Quality Foam Latex Sleep Sets

Equal in quality to Nationally Known brands selling for 37% to 51% more. Built to highest standards of Rubber Mfr's Ass'n. Foam Latex is natural liquid rubber whipped to a light, airy foam and molded into a core (usually 4½ or 6 in. thick) containing millions of tiny, interconnected air cells. Foam Latex offers 4 advantages: (1) surface softness plus unusual resiliency; (2) permanent buoyancy—never needs turning; (3) always sanitary, free from odors, heat; (4) lightweight for easy bed making. High density cores have more latex, fewer air cells than medium density—firmer, last longer. Extra deep box springs specially made for each set; covered underside to keep out dust. Sets (Mattress and Box Spring) are standard bed height overall. Choose from one of the three sets described below.

WARDS BEST QUALITY FOAM LATEX SETS (D) 119.50 54-in. (E) 109.50 54-in.

442-COIL MATTRESS, 120-COIL SPRING 149.50

[H] SUPER KING SIZE HOLLYWOOD SET. A full, one piece (76x81 in.) mattress takes less space in width then 2 twin size beds yet gives you more sleeping area because there is no middle separation. 22 inches wider than regular full size (54-in.) bed. Ideal for very large or tall people, gives ample space for turning and needed length for stretching. Gives normal size people the extra comfort of greater sleeping area.

SUPER KING SIZE INNERSPRING MATTRESS has 442 coils. Firm pre-built non-sag innerborder construction assures firm springy edges. Insulated with finest Latexed White Sisal double insulation to prevent "coil feel". Cushioned with White cotton felt for surface comfort.

FINEST TAILORING DETAILS. Firm button tufting keeps padding firmly in place. Side air ventilators keep interior of mattress fresh and cool. Handles for easy turning. Extra-heavy woven stripe sateen ticking in beautiful Aqua and White—adds to life of mattress.

2 MATCHING TWIN SIZE BOX SPRINGS for best support. 2 springs give the extra firmness needed to support the entire mattress properly. Each has 60 deep coils (total 120 coils) providing a deep resilient base for the mattress. Each coil is hand-tied and has individual frame support. Mounted on sturdy wood frame. Covered in the same ticking as Super King Size Innerspring Mattress above.

Finest Quality Pillows...Dacron, Foam Latex,

Wards Dacron and Foam Latex pillows are ideal for persons allergic to usual pillow fillings of feathers and down. They are comfortable, sanitary and mothproof.

(A) and (B) below are Dacron filled pillows of DuPont Fiberfill. This synthetic new filling material is cloud light, soft and buoyant, non-allergenic. Because it is felted into a fluffy batt, it is resilient, resistant to moths and mildew. Will not absorb heat or cold—assures you year 'round comfort. Available in large or medium sizes.

(C) to (F) are Finest Foam Latex Pillows. Air circulates through the millions of connected air cells to keep pillow fresh and buoyant. Molded into pillow-shaped core to resist sagging, lumping or flattening. Your head and shoulders are properly supported. The thicker the Latex core, the more support it provides. Choose from the two types of surfaces: waffle type or regular smooth surface. The Foam Latex Pillow sizes stated below refer to finished covering sizes—covers are finished slightly longer than the Latex core to allow for expansion of core when pillows are used.

Feather, Down...To Suit Your Taste and Needs

REPLACE OLD SAGGING PILLOWS with fresh, new pillows from Wards. Only Finest Quality materials are used: Highest Quality Feathers and Down—thoroughly cleaned and sterilized. Fine quality, closely woven down, featherproof ticking.

FEATHER PILLOWS (see (G), (H) and (K) below) provide good serviceability and comfort at economical price. Whole Goose Feathers are more resilient than whole Duck Feathers; Chicken Feathers give good wear and service at the lowest price.

WHITE GOOSE DOWN PILLOWS (see (J) below) are filled with Imported White Goose Down—the finest available for buoyancy, softness and luxury sleeping for many years. They are softer than feather or combination feather and down pillows.

COMBINATION FEATHER AND DOWN PILLOWS—(L), (M) below—are filled with Imported Gray Goose Feathers for resiliency and Down for softness—somewhat firmer than Down pillows. Pillows with the highest percentage of feathers are the firmest.

WARDS INVITE YOU TO COMPARE PRICES ON THESE ELECTRIC COFFEEMAKERS

Choose a time-saving, long-lasting automatic or a budget-priced non-automatic.

AUTOMATIC COFFEEMAKER lowers the heat automatically after coffee is done so that coffee is kept hot indefinitely but water does not circulate through grounds.

NON-AUTOMATIC must be unplugged to stop perking. Basket and stem must also be removed to avoid reperking when coffeemaker is again plugged in for reheating.

SELECTOR DIAL enables you to choose the strength coffee desired by setting a dial. Without a Selector Dial, strength of coffee is determined by amount of coffee used.

ALUMINUM COFFEEMAKERS are lightweight and keep their lustrous finish.

COPPER COFFEEMAKERS are heavier, more durable, have a greater resistance to dents and scratches. They will retain their beauty and serviceability for many years.

WARDS BEST PERC-O-MATIC 18.95

6 SAVE $11—beautiful chrome plated copper coffeemaker sells under maker's name for $29.95. Buy it at Wards for a little over half that price. 3 4 NOT JUST A FRYER, but a versatile cooker that prepares anything from a snack to a complete meal. Also serves as a Chafing Dish, Bun Warmer, or Corn Popper. Cooks soups, stews, pot roasts, casseroles or hamburgers. Fast deep frying seals in vitamins, gives crispness without greasiness for easy digestion. Deep-fries several foods at the same time—shrimp, potatoes, onions, doughnuts—without cross-flavoring. THERMOSTATIC CONTROL maintains temperature you dial. Signal light indicates when correct heat has been reached so that there's no fear of scorching shortening. So economical, too because same fat can be used over and over again. (See Filter (5) for renewing fats and oils.) Fry baskets hook on sides for fast draining. Handles remove for compact storage. Spigots safely remove fat. Cord, instructions, recipes included.

WARDS MAGIC SEAL, PRESTO, MIRRO-MATIC...ELECTRIC PRESSURE PANS

THE MODERN WAY TO COOK FOR FAMILY HEALTH AND PLEASURE. Pressure cooking retains health-giving vitamins and minerals in three ways. FIRST, pressure cooking is done away from air, eliminating oxidation. SECOND, pressure cooking is done with very little water so that food values are not "flooded away." THIRD, pressure cooking is done in the shortest possible time so that foods are not devitalized from long cooking, yet are tender, and much more tasty.

Well Known Revere Copper-Clad Ware

PRIZED AS KITCHEN UTENSILS...LASTS A LIFETIME

THE PRIZED POSSESSION OF HOMEMAKERS. Its sparkling beauty and utility will last a lifetime. Begin your Revere kitchen now. Revere combines the strength of steel and the uniform fast heat absorption and even heat distribution of copper. The perfect ware for fast, waterless cooking. Reduces food shrinkage, saves fuel. Copper-clad bottoms stay bright and shiny with a minimum amount of care. Durable Revere ware will not chip or rust; resists stains, is practically impossible to dent.

LASTING BEAUTY—stainless steel bodies have rich, pewter-toned finish, are mirror-polished on the outside, shiny satin-finish on the inside. Strong, non-porous surfaces are so smooth that sticky foods slide off in washing. Modern contemporary design—straight-sided pans, flat bottoms, seamless construction with rounded corners forms crevice-free inside surface. High-dome, self-basting covers. Black bakelite handles and knobs—stay cool. Hanging rings for convenient storage.

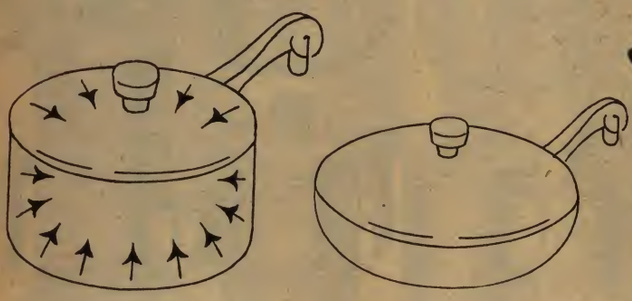
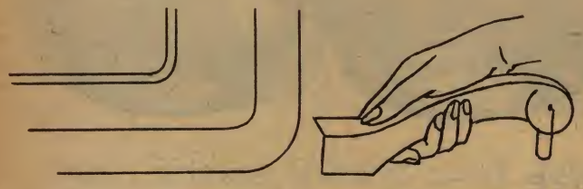
COOKS HEALTHFUL WATERLESS WAY

EASY TO USE...EASY TO STORE



(A) WRAP-AROUND RADIATION—cooks faster, reduces food shrinkage, saves vitamins and minerals. Flat bottoms rest snugly on unit; satin finished to better absorb and spread heat. Straight sides conduct heat up over cover; sunray interior radiates it through food.

(B) DESIGNED FOR TODAY'S KITCHEN. Magic Seal Cookware, with its smoothly flowing lines, beadless rims, interchangeable covers, cool plastic handles and highly polished exteriors, gives you outstanding beauty, easy-as-possible care—Cooks Superbly!



(C) MAGIC SEAL—4 TIMES THICKER than service weight (22 gauge) cookware. Comparative thickness for each shown in drawing above. It is pressed from 10 gauge pure virgin aluminum—warp-proof skillets and griddles from even thicker 8 gauge. Lasts a life-time—won't rust, break, warp, dent.

(D) EASY-GRASP BAKELITE HANDLES are heat resistant—don't absorb the heat. Shaped for comfortable handling, they are firmly welded on for life-long rigidity—can't twist or slip in your hand. Nickel plated rings so you can hang your pans in a shining row to save cabinet storage space.

WARDS MAGIC SEAL COOKWARE ... FINEST ALUMINUM WARE YOU CAN BUY

CREATED FOR THE MODERN HOMEMAKER—handsome, practical—Magic Seal lasts a lifetime, won't rust, break, warp or dent. Polished to gleaming brightness outside, satin finished inside for best heat absorption and radiation. It's 4 times thicker than ordinary aluminum (see (C) at left above); all pieces pressed from extra thick 10-gauge aluminum except skillets and griddles which are even thicker 8-gauge—guaranteed never to warp in normal home use. Adds new beauty to your kitchen—saves time, food, money.

SNUG-FITTING, SELF BASTING COVERS of 16 gauge aluminum seal in heat, allow all-over heat conduction. Cool black Bakelite knobs. "Hi-dome" covers on Chicken Fryer (7) and Skillet (8) increase their capacity. Interchangeable covers add extra utility at a savings, save storage space, too.

EASY-TO-GRASP HANDLES of heat-resistant black Bakelite are welded on for life-long rigidity—won't loosen, can't slip in your hand, don't absorb heat. Nickel plated rings permit hanging to save cabinet storage space. Skillets have guards to protect handle from flame. Smooth, beadless rims permit easy pouring; make pans easier to clean. emphasize the modern functional design.

COOKS THE HEALTHFUL WATERLESS WAY so you can serve your family food with more vitamins and minerals, with garden fresh flavor and color intact. Magic Seal cooks with practically no water—you never pour nourishing goodness down the drain. You save time, too, because waterless cooking is fast cooking; it's economical—saves food since there is less shrinkage, saves fuel as heat is always kept low.

Wards Fine Quality Heavyweight 18-gauge Aluminum

HANDSOME . . . ECONOMICAL . . . EXTRA DURABLE . . . MODERN PLASTIC HANDLES

A WARDS EXCLUSIVE—VALUE-PRICED TO SAVE YOU MONEY. Made expressly for Wards by the world's largest manufacturer of aluminum ware, sold at Wards money-saving prices. It is equal to or exceeds in quality, styling and durability any nationally known 18-gauge pressed ware, regardless of price.

MODERN HANDLES are made of cool black plastic. Handsomely designed, they're easy to grasp and hold, won't turn or slip in your hand; riveted on for life-long rigidity.

PRESSED OF 99% PURE VIRGIN ALUMINUM in 16- to 18-gauge thickness (equal to about 16 to 20 catalog pages). So strong and hard it resists dents and withstands hard, everyday family use. Warp-proof skillets (42) are of special thick, hard aluminum alloy. 7- 9- 10-inch sizes are of thick 10-gauge aluminum; big 11-inch skillet of even thicker 8-gauge aluminum. Guaranteed never to warp in normal home use.

SEAMLESS CONSTRUCTION means rounded corners so food won't catch in crevices, easier to clean. Tightly beaded rims won't bend out of shape. Tight covers keep steam inside to retain food flavors and nutrients; replaceable cover knobs.

MIRROR POLISHED OUTSIDE, satin finish inside—will never rust. Measuring marks where needed. Dishpans, colanders and mixing bowl set have a special alumilite finish to resist stains.

SERVICEWEIGHT ALUMINUM...DEPENDABLE QUALITY...LOW PRICES

HERE'S REAL VALUE—25% heavier than the pure aluminum sold elsewhere at these prices. Each piece of this complete selection is pressed from 22-gauge 99% pure virgin aluminum as thick as about 8 to 11 pages of this Catalog. Strong and heavy enough to withstand hard daily wear. Seamless construction makes washing easier since there are no crevices to collect food.

MIRROR-POLISHED OUTSIDE FINISH—Sunray finish inside and on outside bottoms to absorb heat. Stain resistant and rustproof. Fast-heating, wide flat bottoms; tightly beaded rims provide extra strength to resist bending; snug-fitting covers. Measuring marks on pieces where needed. Metal handles, riveted on for extra strength, have holes for hanging; black Bakelite knobs.

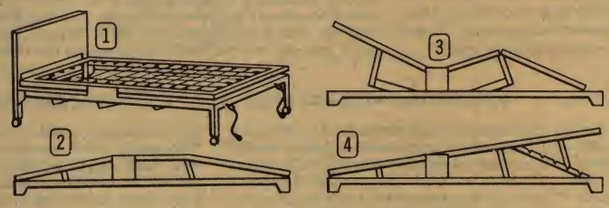
Built to Hospital Specifications for Easy Home Care



FACTS ABOUT WARDS HOSPITAL BEDS. Save the inconvenience and expense of renting a bed. For the price of a few months rental, you can buy a Ward hospital bed. All have steel construction, built to rigid hospital specifications for greater patient comfort and ease of family care. Beds (A), (B), (C) adjust to positions that may be prescribed by the physician such as Trendelenburg, Fowler or Hyperextension. Sketches at left show a few of the positions possible. Complete range of adjustments in beds (A), (B), (C) is possible since the spring is raised 6 in. above bottom rail, permitting lowering of head or foot section below the horizontal. Safety stop at head end eliminates accidentally lowering head below horizontal. Adjustment connections have cold-rolled steel shafts operating through bronze bearings. Swivel cranks operate easily, swing back out of the way. The double link springs afford needed firm, easily adjusted support required by hospital beds. Overall size of beds approximately 36x79 in.—take 36x77 in. mattresses below.

HOLLYWOOD STYLED HOSPITAL BEDS ... 84.95 AND 74.95

(A) HOSPITAL HEIGHT HOLLYWOOD-TYPE BED. You can now have modern styling with all the advantages of a hospital bed. The variable spring adjusts to complete range of positions for specialized needs as prescribed, such as Trendelenburg, Fowler or Hyperextension. Paneled steel headboard framed in squared tubular steel is finished in harmonious French Gray—will blend with other modern bedroom furnishings. Easily covered with fabric if desired. Swivel cranks—one for head adjustment, one for knee section—swing back permitting bed spread to cover end giving Hollywood bed effect. Smooth rolling casters reduce irritating noise for patient. Height of spring is 22 in. from floor. Headboard height 36 in.

Wide Mouth Makes Bottle Easy to Fill

Flat Back Gives Greater Heating Surface

1 2 3 Wards Best Molded Red Rubber Bags are finest quality rubber. Extra thick walls are strongly reinforced at all points of wear . . . retain desired heat longer than Regal or Wearwell bags. Sketches at left show why they're well worth the difference in price, will give years of excellent service. Big non-heat handles are easy to grip; wide mouth is easy to fill; big wide flat backs give added heating surface. Extra-large 3-qt. capacity. Leakproof necks, tight-fitting screw-in stoppers attached with chain on (1), (2). Flush-flow wide diameter tubing on (1), (3).

(1) SUPREME 2-IN-1 COMBINATION. Use as a hot water bottle or fountain syringe. Rubber tubing has snap-type shut-off. 4 flexible rubber screw-on pipes—adult's rectal, infant's rectal, a vaginal pipe and a white rubber vaginal pipe with shield, that throws an upward and outward spray.

53 C 6947—Ship. wt. 2 lbs. 3.98

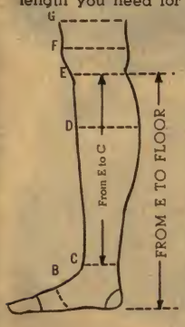
How to Order

LEGGINGS, GARTER STOCKINGS

Measurements for Leggings and Garter Stockings (34) and (35) shown at right. Have someone else take your measurements in the morning before the leg begins to swell. Stand as shown in the diagram below, with your shoes removed, feet firmly on the floor.

How To Measure for Legging (34). Take 3 measurements: around C (ankle); around D (fullest part of the calf); from E (small part just below the knee) to C (ankle). The last measurement gives you the length you need for a Legging. Having found your measurements, consult size chart for Legging and order that size (Small, Medium, etc.) which is most similar to your measurements. If measurements are in between those shown on chart, order next smaller size.



How to Measure Garter Stocking. Take 3 measurements: around C (ankle); around D (fullest part of the calf); from E (small part below the knee) to the floor (last measurement gives length for Garter Stocking). Consult size chart for Garter Stockings; order the size most nearly like your three measurements.

Full Fashioned Elastic Hose...Braces, Supports

ELASTIC LEGGINGS, GARTER STOCKINGS

34 35 A Legging or Garter Stocking offers excellent support and relief in localized cases of varicose veins, for sprains, wrenches and other leg disorders. Seamless style, snugly form-fitting to give firm support to painful, swollen legs. Non-raveling surgical cotton elastic, cotton and rayon in two weights. Standard weight is heavy, firm, fits more tightly, gives more firm support. Lightweight is cooler, less tightly woven and slightly less noticeable under regular stockings.

ELASTIC LEGGINGS

(34) Supports the calf of the leg from just below the knee to just above the ankle. See "How to Order Legging" above; then consult following chart to find your size.

Insulated Steel Floor Safes...UL Approved

"HERCULES" FLOOR SAFES 58.95 TO 259.00

MEILINK "HERCULES" STEEL FLOOR SAFES. Ideal for home and office. Built and tested to conform with heat specifications of the U.S. Government and Safe Manufacturers' National Assn. Will withstand heat up to 1700°F. for one hour with ample margin of safety to contents. Special features are:

THERMO-CEL INSULATION is solid cast and reinforced by "U" channels. Has greater resistance to heat, preserves metal.

INTERLOCKING TONGUE AND GROOVE DOOR JOINTS insure snug fit and prevent entrance of heat during fire.

DROP-FORGED STEEL HINGES are welded to angle frames and door plates permitting ease of operation.

DRILL-RESISTANT STEEL PLATES reinforce door for greater strength and protection against forced entry.

COMPOUND ACTION BOLT MOVEMENT for ease in operation of locking bolts. Built into locking mechanism to prevent safe from being forced open even if hinges are knocked off.

Sturdily constructed with electrically welded double steel walls. Durable wrinkle baked-on enamel finish.

Floor Safes below shipped from Factory in Toledo, Ohio. You pay shipping charges from there. Shipped by Freight, Truck or Express. Allow Factory 2 weeks extra for handling.

(A) MEILINK "HERCULES" FLOOR SAFES carry the Underwriters' Laboratory Approved one-hour label, relocking device label and "T-20" label. "T-20" label states safes resisted laboratory attempts of forced entry—qualifies for 20% reduction of burglary insurance by majority of insurance companies. Bank-type changeable combination lock protected by relocking device (tampering with lock makes locking mechanism inoperative)—qualifies for additional 10% insurance reduction. Doors can be closed even when combination is unlocked. Streamlined steel skirt covers wheels and base of safe. Inside cabinet: one locker with keys, one drawer with handle and two compartments.
